## NOTIFICATIONS.

**24-Parganas-Khulna-Bakarganj.**—No. 18258L.R. —27th November 1935.—The following rules are prescribed for the settlement of waste lands, in the Sundarbans, in the districts of the 24-Parganas, Khulna and Bakarganj, in modification of the rules published under notifications No. 1601L.R., dated the 15th February 1919 and No. 861T.R., dated the 29th May 1916, published at pages 306-311 and 974-979, Part I, respectively, of the *Calcutta Gazette* of the 19th February 1919 and 31st May 1916, in respect of the Sundarbans in the districts of the 24-Parganas and Khulna and of the district of Bakarganj, respectively :—

**Sundarbans settlements in the districts of Bakarganj, Khulna  
and 24-Parganas.**

1. The word "Sundarbans" is commonly used with reference to all or any of the deltaic lands in the south of the districts of 24-Parganas, Khulna and Bakarganj, but in its technical or revenue sense it means those lands which were declared under Regulation III of 1828 never to have been the subject of a permanent settlement. Section 13 (First) of Regulation III of 1828 runs as follows :—

Meaning  
of "Sun-  
darbans."

"*First.*—The uninhabited tract known by the name of the Sundarbans has ever been, and is hereby declared still to be, the property of the State: the same not having been alienated or assigned to *zamindars*, or included in any way in the arrangements of the perpetual settlement, it shall, therefore, be competent to the [Local Government] to make, as heretofore, grants, assignments and leases of any part of the said Sundarbans, and to take such measures for the clearance and cultivation of the tract as [it] may deem proper and expedient.

All parties to whom such grants, leases or assignments shall have been made, or to whom they may hereafter be made, shall be entitled to hold or to take possession of any tract of Sundarban *jungle* so granted or assigned without question or opposition, and all public officers shall aid and assist the same :

Provided also that if any *zamindar*, *talukdar* or other *sadar malguzar* or any other person owning and occupying or collecting the rent or revenue of cultivated land in the neighbourhood of the land so granted, leased or assigned shall sue in any Court of Adalat \* \* \* to contest the validity of the title or the right of possession of any such lessee or grantee under such grant, lease or assignment, then if the land aforesaid shall be proved to be, or to have been, or be not denied to be or to have been, when so granted, leased or assigned, within the limit of the unoccupied *jungle* so named and described, the suit shall be dismissed with costs :

Provided, however, that if any *zamindar*, *talukdar* or other person aforesaid shall claim to possess a valuable interest in any part of the Sundarbans, by virtue of authority to collect money or other valuable thing from the persons engaged in gathering wax, or cutting wood or obtaining other *jungle* products of the tract, or by virtue of any other similar privilege or advantage which may have been recognized as part of the assets on which the assessed revenue of his *zamindari*, *talukdari* or other tenure was adjusted at the time of farming the perpetual settlement of the district, and the collection of which was not subsequently

stopped and due compensation made under the rules relative to the collection of *sair* revenue or other similar arrangement, such *zamindar*, *talukdar* or proprietor shall be entitled to receive from Government compensation for any diminution in the value of such interest and advantage consequent on the arrangements adopted for the cultivation of the Sundarbans; the same being duly established after an investigation conducted under the rules of Regulation 2, 1819, as modified by this Regulation."

A line of demarcation was laid down by Hodge in 1829.

**Object of  
Regulation  
III of 1828.**

2. The reason for passing Regulation III of 1828 was that after the permanent settlement there were many encroachments by the neighbouring zamindars and their subordinate tenants who tried to include areas cleared by Mugh squatters and others in their own estates or tenures. Hence the regulation was passed to re-establish and confirm Government's proprietary right in the lands which had not been the subject of a valid settlement before 1870.

**Fishery  
rights  
reserved  
by Gov-  
ernment.  
Mainten-  
ance of  
reserved  
forest.**

3. Government has reserved all rights of fishery in the rivers of the Sundarbans. It has control of all channels and streams as custodian of the public.

4. In the 24-Parganas and Khulna districts there are extensive Reserved Forests near the sea face, which it is the policy of Government to maintain till the tidal spill has built up the land and raised it to such an extent that it can be cultivated in the ordinary course without being protected by high embankments. These forests also serve as a protection against the inroads of the sea into areas which have already been reclaimed.

Premature reclamation with embankments along the river courses results in raising the bed of the river above that of the reclaimed country which thus becomes liable to inundation when any damage occurs to the embankment. In the Sundarbans the water of the river is saline and an inundation renders the land unfertile for several years. The "famine area" in police-station Assasuni, Khulna, is the result of such premature reclamation.

In Bakarganj practically the entire Sundarbans area has been settled.

**History of  
Sundarbans  
Adminis-  
tration.**

5. (a) The History of Sundarbans Administration has been dealt with fully in the Pargiter's Revenue History of the Sundarbans (1765-1870), in the Settlement Reports of the districts of 24-Parganas, Khulna and Bakarganj and in Mr. Ascoli's History of the Sundarbans (1870 to 1920).

(b) Before 1905 when the present system of colonization (i.e., raiyatwari settlements) became the rule, settlements were always made with persons who claimed that they had capital which they were willing to spend on making the land fit for cultivation and introducing tenants. These settlements were usually made rent-free for a number of years and then on gradually increasing rents for a long term of years on condition that a certain proportion of the land should be reclaimed within a fixed period.

(c) The *howlas* in the Barisal Sundarbans are exceptions to this statement: they were as a rule *ex post facto* recognition of interests obtained by trespassers. (They are dealt with in rules 18 and 19.)

6. The most important types of settlement prior to the introduction of the system of settlement by colonization are:— **Types of settlements.**

- (1) the 99 years' leases;
- (2) malguzari leases;
- (3) talukdari leases;
- (4) large capitalist leases;
- (5) small capitalist leases;
- (6) leases under the Waste Lands Rules of 1825-29; and
- (7) the redeemed grants of 1863.

In Saugor Island there are some special types:—

- (a) Grants revenue-free subject to the observance of certain strict obligations in respect of protective works under rules of 1871.
- (b) Grants under rules of 1897.
- (c) Fee simple grants.

7. With the exception of items (6) and (7) of the previous rule, the other leases are described in rules 10 to 19 and forms for renewal given in Appendices A to D, pages 11 to 20.

Rules 20-40 deal with the system of colonization now in vogue.

8. The malguzari and talukdari leases were granted originally between 1830-40, in the estates that were resumed in the Sundarbans in virtue of Regulation II of 1819 and Regulation III of 1828: Government's title being established, these tenures were created in favour of the persons found in possession. **Malguzari and talukdari leases.**

*Note.*—The talukdars were the abadkars introduced by zamindars of neighbouring estates who encroached on the Sundarbans. They undertook clearance of jungle and embankments before subletting to the settlers. The malguzars were middlemen introduced by the zamindars as aforesaid who themselves took no part in the reclamation of the lots, cf. Khulna Settlement Report, paragraph 151.

9. The chief difference between the malguzar and the talukdar is that the former has no right of transfer or sub-letting, and his right to renewal is not unconditional. Both these rights the talukdar possesses. Both malguzars and talukdars are permanent tenure-holders. The forms for renewal are given at pages 11 to 15 and the rent is assessable in accordance with rule 492 of the Survey and Settlement Manual.

10. The conditions for reclamation in the rules of 1829 were so strict and the permanently-settled revenue of 8 annas per bigha so heavy, that the grants were not taken up in sufficient numbers and the reclamation by which it was hoped to improve the health of Calcutta did not proceed very fast. Government, therefore, in 1853 introduced a policy of giving leases for 99 years and permitted the former lease-holders to convert these permanently-settled grants into leases under these new rules. **Origin of the waste land rules of 1853.**

These rules were again superseded by the rules of 1863 in which Government encouraged the lessees to redeem their lots by a lump payment of 8·8 to 20 times the annual revenue according to the year of the grant in which redemption was made.

*Under the Waste Lands Rules of 1853.*

The most important conditions of the grants from a revenue point of view are as follow:—

- (1) One-fourth of the area of the entire grant was for ever exempted from assessment, in lieu of an allowance for water-courses, embankments, tanks and roads, etc.;
- (2) after a rent-free period of 20 years, a graduated assessment for the next 30 years would be imposed and for the remaining 49 years the maximum rent of 2 annas per bigha would be charged;
- (3) one-eighth, one-quarter, one-half and three-quarters of the grant had to be cleared before the end of the 5th, 10th, 20th, 30th years, respectively. Failure to comply with this condition entailed forfeiture of the grant; and
- (4) on expiry of the lease, the grant would be liable to survey and resettlement and such moderate assessment as might seem proper to the Government of the day, the proprietary right in the grant and the right of engagement with Government remaining to the grantee and his heirs, etc.

Permission was given to the lessees holding under the previous rules of 1825-1830 to commute the grants according to the new terms.

11. The grants conferred a proprietary title in the land; and, subject to the special conditions regarding revenue, these 99 years grants are to be treated as temporarily-settled estates (the proprietors having the right to malikana on recusancy). The form of renewed lease is given at page 15. The Government orders in No. 1006L.R. of 19th January 1932 may be seen.

The revenue at re-settlement may be fixed as high as 45 per cent. of the raiyatwari assets of three-quarters of the area of the grant. In view of the low percentage of revenue fixed no separate embankment charge will be allowed. In comparison with the terms ordinarily given to proprietors of temporarily-settled estates this is a moderate assessment.

12. The method of calculation of Government revenue adopted by the Settlement Officer of 24-Parganas in 1929-31 for the three-fourth area was as follows:—

- (a) Where the area actually under cultivation exceeds three-fourths of the total area, the cultivated area up to 75 per cent. of the lot was assessed at the raiyati rate.
- (b) Where the total cultivated area was less than three-quarters of the total area of the lot, the whole of the cultivated area was taken *plus* an area of culturable waste and jungle to make up the total equivalent to 75 per cent. of the lot's area, but the latter portions were assessed at reduced rates.

The embankments, channels, creeks, towpaths, etc., were deducted and included in the quarter area exempted from assessment in both cases.

13. With the issue of the Large Capitalist and Small Capitalist Rules of 1879, the policy of proprietary settlements was abandoned (in favour of leasing or farming).

The chief conditions of the large capitalist leases were as follows:—

**Terms and conditions.**

- (a) the area must be more than 200 bighas but less than 5,000 bighas;
- (b) the term of the lease was for 40 years with a rent-free period of ten years, after which the rents were to be progressively enhanced till the maximum was reached after 20 years (the rate of rent was not uniform);
- (c) one-fourth of the area was exempt from assessment;
- (d) clearing of a certain percentage had to be done within a certain period; and
- (e) the lease was to be renewed for a period of 30 years at a rate not higher than that paid by the cultivators of the neighbourhood less 30 per cent. for collections.

14. As the lease contained the statement that it conferred a hereditary and transferable occupancy right, it has been held that the lease conferred the status of a tenure with the right to successive renewals, for periods of 30 years.

Government, however, has reserved the right to terminate the lease at any time if the lessee or his tenants by neglect or otherwise render the land unfit for cultivation or do not maintain the embankment, sluices, etc., in an efficient condition.

15. The terms to be offered for such renewals are in the discretion of Government. At present Government has ordered that the rent be fixed at 65 per cent. of the assets of the three-fourths of the grants less an additional allowance of between 5 and 15 per cent. for the upkeep of the embankments according to circumstances. This allowance can only be claimed if the embankments are maintained.

16. The form of renewed lease is given on page 17 and the revenue will be fixed in accordance with the terms of the lease as given in rule 15.

17. Under the small capitalist rules for grants of less than 200 bighas there were two forms of leases, viz., one howladari, the other raiyati. None of the latter seem to have been used.

**Grants under the small capitalists rules of 1879. Howladari leases.**

18. The howladari lease was for 30 years with provision for perpetual renewal for similar periods. The rent was progressively enhanced after a rent-free period of two years and the lessee was at liberty to bring under cultivation any quantity of land adjoining his holding which he might find *bona fide* unoccupied subject to the payment of additional rent on measurement.

19. The lease conferred a non-permanent tenure right which is heritable and transferable. On renewal, rent will be assessed under the ordinary rules of the Survey and Settlement Manual.

The form of renewed howladari lease is the same as the talukdari renewal form given on page 13.

20. Raiyatwari settlement in the Sundarbans will not be piecemeal as in other districts. With the sanction of Government "lots" of considerable extent will be made available for settlement on colonization. Ordinarily a special Colonization Officer will be appointed for the purpose. There will be a special establishment of surveyor, amin, overseer or embankment officer, clerks, forest guards, etc., who will work under the orders and control of the Collector of the district.

**Raiyatwari settlements.**

**Duties of  
Coloniza-  
tion  
Officer.**

21. The chief duties of the Colonization Officer and his staff are to guide and assist the settlers; to watch the progress of jungle clearance and the erection of bunds; to supervise the construction of embankments and the excavation of tanks; and to expedite jungle-clearances. The Colonization Officer must also see that loans are distributed judiciously and repaid in due time and that steps are taken for the removal of those who prove themselves undesirable. He will assist in the initiation of co-operative banks or co-operative development and produce societies.

If necessary, a special works establishment may be sanctioned.

**Irrigation  
and Forest  
Depart-  
ments  
should be  
consulted.**

22. Before any area in the Sundarbans is made available for settlement, the Irrigation and Forest Departments must be consulted as to the expediency of the proposal, and unless the Irrigation Department report that the reclamation can be safely undertaken, no settlement should be made.

**Procedure  
to be  
followed  
in coloni-  
zation.**

23. Before any lot can be colonized, embankments may have to be made at Government cost. The estimates and plans for the embankments must be checked by the Irrigation Department. The embankments should be at such distance from the river bank as the Irrigation Department prescribes.

The estimates and plan will be prepared in the first instance by the Colonization Officer, who will block out on the plan roughly the area that he means to take up for embanking. He will, before work begins, make a rough examination of the area and where necessary, cut lines in the jungle for the purpose. No detailed plans and estimates will be required before work is begun, but only specification of the dimensions to which the embankment is to conform.

Contracts shall be at the rate of so much per 100 c. ft. and payment shall be by measurement. Part payment can be made in advance up to 80 per cent. of the total bill, provided that there is in all cases previous measurement of the work done. The sub-overseer must measure the work in full and the Colonization Officer shall check at least 30 per cent. of the measurement before any payment is made. The Subdivisional Officer, in addition, shall check 10 per cent. of the pits available whenever he visits the estates.

24. After a block has been enclosed with marginal protective embankments, a plane table survey of the area will be made showing the boundary embankments and other embankments, if any. The area may then be marked out in the map into plots, ordinarily of 10 bighas each. The map will also provide for lines or openings to be utilised for drainage or for communication.

Sites will be set apart for tanks for drinking water, for villages, hats and grazing.

Construction of tanks for drinking water will be taken in hand from the outset as it takes some years for the water to become sweet.

Assessment of rent will be made in the fourth year and the Colonization Officer will immediately afterwards submit a final report of the settlement, including details of the settlers and the assessment, for the Collector's sanction.

25. Generally speaking the maximum area of a holding should be 75 bighas and the minimum 10 bighas. The holding should be of such area that the settler can bring it under cultivation by the labour of his own family members within the next few years. It should not be too small to support him and his family in decent comfort. Better class cultivators who can afford hired labourers may receive larger holdings, but tenancies cultivated by hired labourers are apt to develop into tenures, and the system of raiyatwari settlement means that, whenever possible, settlement should be made with people who will cultivate the land themselves. A settlement such as these rules provide for is a matter of continual adjustment and it is much easier to add to a raiyat's holding than to take away from it. The original area allotted should be, therefore, strictly limited to the applicant's means of cultivation and probable requirement as measured by the number of working members of his family.

26. A settlement with a bhadralok who is willing to undergo an agricultural training and to labour like an ordinary cultivator may be made on the same terms and conditions as with an ordinary cultivating raiyat on a non-occupancy raiyati kabuliyat for not more than ten years. His interest will be non-transferable and he can be ejected if he fails to fulfil the conditions of his lease. **Settlement with bhadralok.**

27. Assessment will take place from the fourth year and the Colonization Officer will immediately afterwards submit his final report on the settlement including details of the settlers and of the assessment for the Collector's sanction. There may be a rent-free period of three years to compensate the settler for his labour in clearing the jungle. **Assessment.**

After this period the rent should be fixed on the basis of the rents which are being paid for similar lands in neighbouring mahals.

28. The holdings should be demarcated by artificial boundary marks if natural boundaries are not sufficiently clear. The raiyat will be made responsible for the upkeep of these boundary marks.

The maps prepared should be sufficiently accurate to afford a record in case of boundary marks being removed and disputes arising.

When the lot is covered with scrub jungle, the plan may be divided into block sheets or other convenient sheets, and rough working sheets may first be used to sketch in the allotments proposed and more accurate maps of the holdings as they are effectively occupied and cultivated and finally confirmed may afterwards be prepared.

29. Subject to the general or special orders of the Collector, the Colonization Officer will select suitable settlers, ordinarily from among applicants entered in Register 16. He will indicate to the selected settlers the plots allotted to them and will take from them kabuliyats in the prescribed form. He will then enter their names in the Settlers' Register, which will show— **Settlers' register.**

- (1) serial number of holding,
- (2) name of settler and father's name,
- (3) name of village and thana from which he has come,
- (4) date of giving possession of allotment,
- (5) block and plot numbers,
- (6) area of each plot, and
- (7) date by which the land is to be brought under cultivation, which may from time to time be prescribed.

Loans to approved settlers.

30. To approved settlers, loans without interest may be given. They may be given in cash or in grain. Great care must be taken in granting such loans which usually cannot be expected to be secured. A certain amount of safety will be obtained if a group of settlers take a loan on joint and separate liability, and this should be secured, if possible. But ordinarily all the security there will be for the loan, will consist of the value of such improvements as the borrower may make to his holding and of the value of any homestead he may erect. It will be a safeguard if loans are advanced gradually as it is seen that the applicant is improving his holding and building his homestead. Settlers who expend labour in this way are also less likely to abscond and may, therefore, be expected to repay their loan in due course.

Unpaid instalments can be recovered as a public demand.

31. An instalment bond will be taken for the repayment of these loans. Repayment should begin from the fifth year and should be completed by the end of the eleventh year. Any instalment not paid on the due date may be recovered, with interest from that date, at  $6\frac{1}{2}$  per cent. per annum, as a public demand.

32. All settlers will execute a lease for a term of years not exceeding 10 in the form given on page 18 and must agree to reclaim and cultivate their holdings with due diligence within a term to be specified in the kabuliyat. Government reserves the right to resume any lands which are not cultivated within such time and to settle them with other tenants.

33. At the end of this period the holding must be inspected, and if the settler has not reclaimed the land or brought it adequately under cultivation or is a habitual defaulter, or has damaged the embankments, or is in any other respects an undesirable tenant, steps should be taken for his ejectment. To ensure check on expiry, the lease should be noted in a register in the form of Khas Mahal Register X—Register and Return Manual.

Settler must reside in or near to his lot.

34. Every settler must reside in his lot, or within such distance thereof as the Collector may approve. If he fails to do so within five years of taking the grant, the Collector may terminate his lease. This rule is not intended to prohibit temporary absence from the lot for the purpose of securing labour—it is merely aimed at preventing the growth of a class of absentee raiyats.

35. The interest of the settler in his holding for the first 12 years is that of a non-occupancy raiyat. It is, therefore, not transferable: and in the case of any transfer within that period Government has the right to eject the transferee or make such arrangements as it thinks fit.

The Collector may in special cases authorise such transfers, provided that his previous consent is taken, when the transferee is already or has become a cultivating raiyat and that his total holding in the estate does not thereby exceed 100 bighas.

On the completion of 12 years the settler acquires occupancy rights and the holding is transferable under the Bengal Tenancy Act.

In the case of the Mughls in Bakarganj and Sonthals in the 24-Parganas section 49A, Bengal Tenancy Act, has been applied and their rights of alienation are restricted.

Exchange of lands permitted with the consent of Collector.

36. Exchange of lands between the raiyats of the estate will ordinarily be permitted, but will be subject to the consent of the Collector in writing.

37. During the first 12 years the settler has no right to sublet the lands of his holding: and if any case of subletting comes to the notice of the Colonization Officer, he should determine the lease, provided the subletting has not been due to the death of the original settler, whose heirs, as minors or females are unable to cultivate themselves.

No sub-  
letting  
allowed  
during the  
first twelve  
years.

38. No tenant may cut, or do anything to impair any dam or any embankment constructed by Government without the permission of the Collector or the Colonization Officer. If any tenant transgresses this rule, he will be called upon to repair the dam or embankment at his own cost to the satisfaction of the Collector, and if he fails to do so, the Collector may repair the dam or embankment and recover the cost from the tenant as a public demand. In certain cases it may be wiser to eject the tenant.

Embank-  
ment.

Improvements made by Government should be registered under section 80 of the Bengal Tenancy Act.

39. If there is danger of an imminent breach of any dam or embankment constructed by Government, due to a high tide or to a defect in the dam or embankment or to any other cause, the tenant, whose land adjoins the spot, will be responsible for sending information at once to the nearest Government officer and, in the meantime, for taking all steps within his power to stop the breach temporarily until help can be obtained.

Tenants  
to give  
informa-  
tion of  
imminent  
breach of  
dam or  
embank-  
ment.  
Rents  
must be  
paid on  
due dates.

40. The raiyat must pay his rent on the due dates. If he fails to do so, the rent will be recovered under the law in force for the time being for the recovery of public demands.

41. The forms and registers for collections and returns will be the same as the forms and registers of the Government Estates Manual.

42. In addition to these registers a register should be kept in the form given on page 19. A page will be devoted to each lot and it will show the annual total, capital and recurring expenditure on account of improvements, etc., on the one hand, and on the other, the collections on account of salami on first settlement, rent and other miscellaneous collections. These figures will be entered from Return No. II at the end of each year.

#### APPENDIX A.

**Form of Kabuliyat to be executed by the malguzar of temporarily-settled Government estates.**

In whose favour executed—

Secretary of State for India.

Name, parentage and residence of the person executing the kabuliyat—

I take the malguzari settlement of Government estate in the district—bearing tauzi No.                      for                      years from 1st April                      to 31st March                      at an annual net rent of Rs.                      subject to the following conditions:—

1. Without the sanction of the Collector previously obtained in writing I have not the power to transfer by gift, public or private sale, mortgage or in any other manner my rights or make another a co-sharer with me as a malguzar of the estate. I have not the power to sublet the tenure or any portion thereof to any ijaradar, chakdar or other person or to grant any leases whatsoever creating any tenure between myself and the raiyat cultivator. No sub-lease or other incumbrance created by me in contravention of the terms of this clause shall be in any way binding on Government.

2. I shall respect the rights recorded in the settlement papers as possessed by tenants of all grades, village headmen and others in the said estate.

3. I shall not collect higher rents than are recorded in the settlement papers as demandable from the tenants of any class or grade, but I may collect rents for waste lands cultivated through my own exertions.

4. I shall not collect or attempt to collect any illegal cess or abwabs or exact forced labour, nor shall I collect the legal cess at a rate higher than that laid down in the laws regarding cess, and I shall pay the aforesaid amount of Government rent according to the instalments noted at the foot of this engagement. If I fail to pay the rent as herein provided, the arrears shall be recoverable as land revenue under the law for the time being in force for the recovery of such arrears.

5. At the end of the aforesaid period of settlement and of each successive settlement for which I or my heirs or successors in interest shall engage, I or my heirs or successors in interest shall, subject to having observed all the conditions of the engagement which we entered into with Government in respect of this estate but not otherwise, have the right to a renewal of the settlement at such rent and on such conditions as may then be determined by Government, and the decision of the highest Revenue Authority shall be final in the matter. But in the event of my or my heirs or successors in interest once ceasing for any lawful reason, whether of our own will or against our will to hold the settlement, all rights or interests which I or they hold in the estate shall entirely cease and I or they shall have no claim either to malikana or any future settlement of the estate.

6. In the event of my or my heirs or successors in interest holding on after the expiration of the term of settlement specified in this kabuliyat, I or they shall be held responsible on account of any year subsequent to the expiry of such term of settlement for any enhanced rent as may be then assessed and shall not require from Government any notice of its intention to revise the settlement.

7. On the occurrence of any agricultural calamity when Government has suspended or remitted the whole or any portion of my rent for any period, I shall suspend or remit rents payable to me by tenants in the same proportion as the rent is suspended or remitted and for the same period, and if I fail to do so the Collector shall be at liberty to withdraw the suspension or remission granted.

8. If any waste land in the estate be brought under cultivation through my exertions, my right to receive the rents derivable therefrom without any increase of rent due to Government shall continue during the currency of this settlement.

9. I shall file any measurement, collection or other papers that may be from time to time called for from me by the Collector in such public office as may be prescribed and shall observe the instructions laid down by the Board of Revenue or Government for the maintenance and correction of the survey and settlement record without any objection so long as this lease continues in force.

10. I shall not permit any encroachment to be made on lands reserved according to the settlement record for common village use such as grazing ground, cremation or burial ground or fuel reserves.

11. I bind myself year by year to repair and keep up all boundary marks within the estate and these marks shall be liable to inspection at any time by the Collector of the district without any notice whatsoever.

12. If the Collector, in consultation with local officers of the Irrigation Department, declare that construction of new or repairs to any existing outer embankments, cross-bunds or dams or both or provision of sluices or other means of draining off surplus water are necessary for the protection of tenants, I, on receipt of a notice in writing to that effect from the Collector, shall, subject to a right of appeal within seven days from the receipt of the notice aforesaid to the Superior Revenue Authorities whose decision shall be accepted as final, make such construction or repairs according to the dimensions and specifications approved by the Collector, and shall maintain the works in proper repair to the satisfaction of the Collector, who shall have power to inspect them himself or through an officer duly authorised by him.

13. In the event of my violating any of the conditions of the lease or if I become insolvent or allow my lease to be sold in execution of a decree or fail to comply with the provisions of the law relating to grant of rent receipts, the provisions of the law bearing on the matter may be resorted to, to enforce compliance with its conditions, or the Collector may cancel the lease and take steps to enter into direct possession of the estate.

If on receipt of due notice from the Collector, I fail to construct or keep in proper repair any embankment, cross-bunds or dams or sluices or means of draining off surplus water declared by the Collector to be necessary under clause 12 above, the Collector shall have power to execute such works and to recover the cost thereof from me under the law for the time being in force for the recovery of public demands.

14. Neither I nor my heirs or successors in interest shall be at liberty to raise any objection to the remeasurement of the estate and the reassessment of the rent due to Government for the same after this settlement has expired.

15. I admit that the State has reserved to itself all rights in minerals with full liberty to search for the same and that in case minerals are found, that the State is entitled to them and to rights of way and other reasonable facilities for working and carrying away such minerals. The State has also the right to grant similar powers to the assignees of its mineral rights, provided that whenever in the exercise of any such right of the State the rights of any persons are infringed by the occupation or disturbance of the surface of any land, the State or its assignees shall pay to such persons such amount of compensation for the damages so caused as may be determined by the officers of Government specially deputed for the purpose.

16. This settlement has been made with me in anticipation of and subject to the sanction of the Competent Revenue Authorities whose orders, if any, shall be carried out by me with effect from the commencement of this lease. This settlement shall not be valid if it is set aside by such authorities.

XVII. This settlement has been made with me in anticipation of and subject to the sanction of the Competent Revenue Authorities whose orders, if any, shall be carried out by me with effect from the commencement of this lease. This settlement shall not be valid if it is set aside by such authorities.

One-fourth of the entire estate shall be exempted at this and at every succeeding settlement from assessment in lieu of an allowance for the sites of houses, for water-courses, creeks, nullahs, tanks, roads, the space required for the construction of embankments, dams, etc., and for irreclaimable waste land, provided always that the Secretary of State shall have discretion to determine at the time of each renewal which portion of the land of the estate shall be exempted under this clause.

3. I shall pay the aforesaid amount of Government revenue according to the instalments noted at the foot of this engagement. In the event of my or my heirs or successors in interest holding on after the expiration of the term of settlement specified in this kabuliyat, I or they shall be held responsible on account of any year subsequent to the expiry of such term of settlement for the same revenue until the revision of the settlement. I shall not require from the Secretary of State any notice of his intention to revise the settlement and the Secretary of State shall be at liberty to begin proceedings for revision of the settlement at such time as he may think fit before the expiry of the term of settlement.

4. At the end of the aforesaid period of settlement, I or my heirs or successors in interest shall have the right for all time to renewal of the settlement for a further period of 30 years and thereafter to similar successive renewals for periods of 30 years on such revenue as may be fixed at each such renewal, provided that the revenue shall not exceed 45 per cent. of the gross assets of the

three-fourths of the estate as determined under clause 2 hereof. If I, or they, do not accept settlement on the revenue that may be then fixed, I shall be entitled to receive malikana at the usual rates.

5. I shall not permit any encroachment to be made on lands reserved according to the settlement records for common village use, such as grazing ground, cremation or burial grounds and fuel reserves.

6. I bind myself to repair and maintain all boundary marks within the estate, and these marks shall be liable to inspection at any time by the Collector or any officer deputed by him without any notice whatsoever.

7. Whereas this estate was originally settled for the purpose of reclamation and for bringing the area under cultivation I bind myself, my heirs, assigns and successors in interest to keep one-half of the total area of the estate in a condition fit for cultivation. If I fail so to keep one-half of the total area in a condition fit for cultivation and if on a notice being served upon me by the Collector, I fail to bring the said one-half of the area into a condition fit for cultivation within three years from the date of issue of such notice the fact of which failure shall be determined by the Board of Revenue, the Board of Revenue shall be at liberty to resume the entire estate and thereupon I, my heirs, assigns or successors in interest shall for ever forfeit all rights, title and interest in this estate.

If the settlement of the estate expires within the period of three years from the date of issue of the aforesaid notice under this clause, I shall have no right to resettlement under clause 4 within the said period, but unless I surrender possession of the estate to the Collector at the time of expiry of the settlement, I shall be responsible on account of any year subsequent to the expiry of the term of settlement for the same revenue until the resumption of the estate under this clause or until revision of the settlement as the case may be.

Nothing in this clause or in clause 4 or in any other clause of this kabuliyat shall prevent the Board of Revenue from exercising its right to resume the estate under this clause within the currency of a settlement or after it has expired provided that three years have elapsed from the date of issue of the aforesaid notice under this clause.

8. I admit that the State has reserved to itself all rights in minerals with full liberty to search for the same and that in case minerals are found, the State is entitled to them and to rights of way and other reasonable facilities for working and carrying away such minerals. The State has also the right to grant similar powers to the assignees of its mineral rights, provided that whenever in the exercise of any such right of the State the rights of any persons are infringed by the occupation or disturbance of the surface of any land, the State or its assignees shall pay to such persons such amount of compensation for the damages so caused as may be determined by the officers of Government specially deputed for the purpose.

9. I shall not in any way interfere with the passage of boats through any open river or nullah traversing the estate and shall allow a sufficient space along the banks of all such rivers or nullahs for towing paths.

10. This settlement has been made with me in anticipation of, and subject to, the sanction of the competent revenue authorities, whose orders, if any, shall be carried out by me with effect from the commencement of this settlement. This settlement shall not be valid if it is set aside by such authorities.

11. The terms and conditions agreed to in this kabuliyat bind equally my heirs, representatives, assigns, executors or any other successors in interest.

NOW THIS INDENTURE WITNESSETH that the Secretary of State hereby leases to the lessee the lot hereinafter described for a further period of 30 years from the       day of       to the intent that the right, title and interest of the lessee in the said lot which existed immediately before the expiration of the said original term of 40 years under and by virtue of the hereinbefore recited lease shall be continued and extended for such further term of 30 years subject nevertheless to the conditions hereinafter set out and the lessee hereby covenants with the Secretary of State that he will observe and perform the said conditions throughout the extended term hereby created.

profits and an embankment allowance which shall not be less than 5 per cent. nor more than 15 per cent. Provided that if it shall appear to the Secretary of State that by reason of any wilful act or omission on the part of the lessee the amount of the assets is unduly low, the assets may be fixed at any amount not in excess of the rate which would then be paid by cultivating raiyats in the neighbourhood for land growing the ordinary crops of the country.

*Clause sixth.*—That the land shall be subject to all existing rights of way and water and other easements.

That the decision of the said Collector or other officer abovenamed shall be appealable to the Board of Revenue and the decision of the Collector or other officer if there is no appeal or of the Board if there is an appeal shall be final and binding on the lessees. If survey and settlement operations are in progress under any law for the time being in force, the procedure for the settlement of disputes prescribed by the law shall come into force. That the lessees shall have no claim against the Secretary of State for compensation or damage in respect of land having been included in this lease which has already been included in some previous lease; but the lessee shall in respect of any land covered by this lease which may subsequently be discovered not to have been available for lease be entitled to a reduction in revenue to an extent equal to the proportion which the area of such land shall bear to the area of the whole lot including the one-fourth thereof exempted under clause I.

*Clause Ninth.*—That the lessee shall maintain all masonry pillars and platforms and other land marks now existing on the boundaries of the lot hereby demised and shall, except where the boundary runs along a river or well-defined nullah, within three months from the date of execution of this lease, erect and thereafter maintain masonry pillars or platforms or such other land marks as may be required to the satisfaction of the Collector or other officer appointed by the Secretary of State at each point where more than two lots or patches of waste or other properties meet and large earthen mounds at every angle in and at intervals of a hundred yards along the boundary line between such masonry pillars or platforms.

*Clause Tenth.*—That if the lessee neglect to demarcate or to keep demarcated the land as prescribed in the last preceding condition, the Collector or other officer appointed by the Secretary of State shall have the right of entry on the lands, and may erect the landmarks hereinbefore described and all costs incurred in that behalf, whether the actual costs of the landmarks, or of the expenses incurred for clearing any jungle or for supervision or travelling expenses, and all charges whatever shall be recovered from lessee by the law in force for the time being for the recovery of public demands.

(b) The lessee shall be responsible for the efficient maintenance of the existing embankments, sluice gates, etc., to the standard which is necessary for keeping the lot under cultivation.

(c) If by the deliberate action or the continued neglect of the lessee or that of his tenants or sub-tenants of any degree the demised land or a substantial part thereof is rendered unfit for purposes of cultivation at any time during the continuance of the settlement, such action or neglect shall be a breach of the conditions of clause 12 (a).

(d) Furthermore, if the lessee uses, or wilfully allows any of his tenants or sub-tenants of any degree to use, the land for a purpose other than that of the object of the grant as referred to in sub-clause (a) hereof or if he does or omits to do anything of the nature set out in the sub-clause (b) or (c) hereof, the Secretary of State may, during the pendency of the term of the present settlement, take such action as may be permissible by law and shall be at liberty to give notice in writing to the lessee calling upon him to remedy the breach of any of the conditions contained in clause 12, sub-clauses (a), (b) and (c), and if at the expiration of 12 months from the giving of such notice the Secretary of State shall be of opinion that the breach of the conditions above referred to has not been remedied, then and in such case it shall be lawful for the Secretary of State at any time thereafter to re-enter upon the said demised premises or any part thereof in the name of the whole and thereupon this lease shall absolutely determine, but without prejudice to the right of action of the Secretary of State in respect of any breach of the conditions above referred to.

(e) Furthermore, if any tenant of the lessee or any sub-tenant of any degree deriving title from a sub-lease granted by the lessee after the date of this indenture commits any breach of the terms and condition of this clause, the lessee shall be held responsible for such breach and the provisions of clause (d) shall come into operation against the lessee as if he himself had committed such breach provided always that if the sub-lease is in accordance with the provisions of clause 14 hereof, the lessee shall first be given an opportunity to eject the sub-lessee and through him any sub-tenant of any degree.

Nothing in this clause shall be deemed to prevent the lessee or his tenants or sub-tenants of any degree from enjoying jalkar, bonkar and falkar rights in respect of, or deriving any other profits of similar nature from, such area covered by the lease as are by their nature, ordinarily and without recourse to any deliberate action or continued neglect on the part of the lessee or his tenants or sub-tenants of any degree, unfit for agricultural purposes.

*Clause Thirteenth.*—That the Secretary of State reserves to him self the right to all minerals on the lands together with such rights of way right to resume surface land and other reasonable facilities as may be requisite for working, getting and carrying away such minerals. He also retains his proprietary rights in the land.

*Clause Fourteenth.*—Subject to the terms of this settlement, the lessee shall be at liberty to sell, alienate or transfer his right as tenure-holder in the lot hereby demised, but he shall remain liable for the revenue assessed thereon until intimation of the transfer has been given to the Collector and the transfer has been recorded in the Collector's registers.

But the lessee's right to grant any sub-lease after the date of this indenture shall be limited by the terms of this indenture. Any rent settled by such sub-lease shall remain in force only until the expiry of the period of 30 years for which the revenue payable by the lessee has been settled under this indenture, and any terms or conditions regarding the amount of rent payable by the sub-lessee after the expiry of such period shall be void.

This settlement shall not be valid if it is set aside by such authorities.

Provided that such superior revenue authorities' powers shall only be exercised in respect of the determination of amount of assessment payable under this settlement and of the person or persons with whom the settlement is made:

Provided furthermore that such powers shall not be exercised after the expiration of three years from the date of signing this lease.

**Jalpaiguri.**—No. 18259I.R.—27th November 1935.—The following rules for the grant of leases for the reclamation of arable waste lands in the western Duars in the district of Jalpaiguri are published for general information, in supersession of the rules published under notification No. 883T.R., dated the 28th July 1917, at pages 1102-1115, Part I of the *Calcutta Gazette* of the 1st August 1917, as subsequently modified:—

### Settlements in Jalpaiguri.

1. The lands to which these rules apply lie in the district of Jalpaiguri within the tract known as the Western Duars, which was annexed to the Crown in 1865, and extend from the east bank of the river Teesta to the west bank of the river Sankos. Areas which have been declared a reserved forest under the Indian Forest Act (XVII of 1927) are excluded from the operation of these rules.

Lands available for lease.

2. Up to 1915 the rules for the grant of leases of waste lands seem to have contemplated settlement with small capitalists or jotedars. There was nothing against this policy in the first Waste Lands Rules published in the *Calcutta Gazette*, dated 23rd June 1875, and the revised rules published on 10th May 1888. The rules published in the *Gazette* of 1st August 1917 are in accordance with the present policy of Government to give preference to settlements concluded with actual cultivators.

Present policy of Government is to give preference to settlement with cultivators.

3. The following rules for settlement supersede all previous rules.

4. A list of lands available for new settlements under the rules will be maintained in each of the tahsil offices in the form of Register VIII, Government Estates Manual.

Lists of lands available for settlement should be kept in Khas Mahal Register VIII.

As a rule no settlement should be made of land within 60 feet on either side of any public road or within 100 feet on either side of any considerable stream or water-course.

Lands not available for settlement.

5. Every person desirous of obtaining a grant of land shall present an application with court-fee stamps of annas 12 to the tahsildar, giving all the particulars required by Register 16 in which his application will be noted.

Application for lease.

The application shall specify—

- (a) The name, father's name and address of the applicant.
- (b) The area, situation and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.
- (c) Whether the land or any part of it is, or has ever been, cultivated in any manner.
- (d) A declaration as regards the particulars of lands (if any) already held by the applicant in the Western Duars.

- Limit of area.** 6. As a general rule no application for areas more than 25 or less than 5 acres should be considered.
- Cost of survey and enquiry.** 7. When the tahsildar has decided that the application is in order and that there is no objection to granting it, he shall require the applicant to pay a sum of four annas an acre on the area applied for to cover the cost of survey. No further sum shall be required except the actual cost of the work prescribed in rule 8. If the land for which the survey fee is paid is not ultimately surveyed, the applicant shall be entitled to a refund of the survey fee under the orders of the Deputy Commissioner.
- Method of survey.** 8. An amin should then be deputed to fix the boundary and survey it, placing mounds of earth or stone not less than 3 feet high at each bend in the boundary and at every point where two plots of waste or other properties meet. The survey will be shown in red upon a copy or trace of that part of the cadastral map which covers the area of the proposed holding and should be connected with at least two places on the map which can always be identified without difficulty on the ground.
- Report of case to Deputy Commissioner.** 9. After verifying the map on the ground the tahsildar will then report to the Deputy Commissioner his recommendations for settlement stating the quality of the land, the rent paid for similar lands in the neighbourhood, and whether a rent-free period is desirable.
- Grant or refusal of lease.** 10. The Deputy Commissioner shall consider the report and pass final orders granting or refusing the lease. Generally no lease should be granted if the applicant holds other lands in the Western Duars, or does not intend to reside permanently with his family in or near the holding.
- Rate of assessment.** 11. No rent shall be charged for the year of entry, i.e., from the actual date of entry to 31st March following. Thereafter and until the Western Duars jotes next come under re-settlement, the rates of rent per acre shall be fixed so as to correspond more or less with the rates fixed for lands with similar advantages in the latest revisional operations by the Settlement Officer:
- Provided that in any case in which the Deputy Commissioner is satisfied that the applicant will not be able to get a full crop from the land in the first complete year of settlement, he may fix half the rate for one or more of the first four complete years.
- Appeal to Commissioner or to the Board of Revenue.** 12. No appeal shall lie against any order passed by the Deputy Commissioner granting or refusing settlement under these rules. In other cases an appeal lies to Commissioner whose decision is final unless it differs from Deputy Commissioner's decision, in which case, with the consent of the Board, a second appeal can be made to the Board.
- Grant of lease.** 13. On receipt of an order to grant a lease, the tahsildar shall deliver to the applicant a lease in Form A on page 25 together with a copy of the map, and shall place him in possession by planting bamboo, or in any other way locally recognised. New settlements will be noted in Register II. The lease in Form A shall be applicable to the Sonthal Colony with the restriction that transfers shall be permitted to Sonthals only.

14. If the holder of a lease in Form A is at any time found by survey or otherwise to be in possession of land in excess of the area described in his lease, the tahsildar shall report particulars to the Deputy Commissioner with a view to action under clause 21 of the lease for the assessment of rent on the excess area and for decision whether the lessee shall be ejected from the excess area or shall be permitted to continue in occupation and to have his lease altered in accordance with clause 21 of the lease. When reporting to the Deputy Commissioner in such cases the tahsildar shall state the total area of land held by the lessee in the Western Duars.

**Encroachments.**

15. There will be no transfer of applications. If the land applied for is not granted to the applicant, the application will be rejected and any other candidate for the land must submit a fresh application.

**Transfer of application not allowed.**

16. The Deputy Commissioner shall arrange for a detailed inspection of the jote during the course of the fourth complete year of each settlement made under these rules with a view to ascertaining whether the jote has been brought under cultivation in the manner prescribed in clause 22 of the lease in Form A. To ensure that this inspection is regularly carried out, he shall maintain in a special part of Register X a record of the dates on which four years will have expired from the date of each lease, and of the dates and results of inspections.

**Inspection of jotes by Deputy Commissioner.**

17. The tahsildar will ascertain from time to time whether the lessees with whom settlement is made under these rules are adhering to the conditions prescribed in clauses 5, 7, 8, 10, 13, 18, 19, 20 and 21 of the lease and will report to the Deputy Commissioner who will take necessary action under clause 23 of the lease.

**Instructions for maintaining the conditions of leases.**

18. All settlements will be made in the first place up to the year in which the existing settlement of the surrounding lands expires so that resettlement operations may be due at the same time for all lands in the same pargana.

**Period of settlement.**

19. The Tenancy Act does not apply to any lands in the Western Duars leased under the Waste Lands Rules of 1875 onwards (*vide* Proviso III of notification No. 964 T. R. of the 5th November 1898 and the revised notification No. 14007 L. R. of the 1st December 1933). The Tenancy Act, therefore, applies only to jotes already in existence when the British took possession from Bhutan and to these only to a very limited extent. The rights and liabilities of the lessees are governed by the terms of their leases and not by the Tenancy Act when these conflict (*vide* Proviso IV of the same notifications). The jotes to which Tenancy Act applies are called Old Maljotes.

**Provisions of the Bengal Tenancy Act apply to old maljotes to a limited extent.**

NOTE.—Mr. Sunder (*vide* paragraph 113 of Mr. Milligan's Settlement Report, Volume I) gave one form of lease to all jotes irrespective of origin. There is now no distinction between the original maljotes, i.e., jotes found in existence at the time of the annexation of the Duars from Bhutan and the jotes settled by Mr. Sunder in maljote form both of which were renewed after Mr. Milligan's Settlement in the old maljote lease form.

20. There are, therefore, the following types of leases under the Waste Lands Rules:—

**Types of leases.**

- (1) Jotes granted under the rules of 1875 renewable in Form F because they have the same conditions as the original maljotes.

- (2) Jotes under the rules of 1888 renewable in Form D.
- (3) Restricted maljotes, i.e., jotes granted under the Waste Lands Rules of 1888 but wrongly renewed on the maljote form (F). Henceforth they will be renewable in Form E.
- (4) Jotes created under the rules of 1917 still held under a preliminary lease "A."
- (5) Jotes of class 4 resettled under a lease in Form "Ar." (The history and description of the jotes is given in Milligan's Settlement Report, page 132.)

21. The Renewal Form for Maljote Leases is given on page 38 (Form F). The form for the renewal leases under the rules of 1888 will be found on page 32 (Form D), for the restricted maljotes on page 25 (Form E), for preliminary leases under the rules of 1917 and the current rules on page 35 (Form A) and the renewal lease for the same on page 29 (Form Ar.).

**Rights of lessees.**

22. The lessees mentioned in rule 20 have hereditary rights with powers of transfer limited in various ways by the different forms of lease. Their tenancies are transferable as a whole, but no part transfer will be binding on Government. If in any case the Deputy Commissioner finds that there is no objection to the transfer of a portion, he may accept surrender of the portion and settle it with the transferee.

**Rent to be paid on renewal of lease.**

23. For revision of the assessment of the arable waste lands jotes a survey will be made in pursuance of a notification under the Survey Act and settlement of the rent will be made under Executive Notification declaring that settlement will be made in accordance with the terms of the leases. The rates of rent to be adopted will, subject to any general or special orders of Government, be fixed by the Board of Revenue on the report of the Deputy Commissioner and the Commissioner, but shall not exceed the highest rates of rent actually paid in the neighbourhood for the best lands by the actual cultivators to the jotedars or their immediate superiors in interest.

**Term of renewal.**

The period of renewal at revisional settlements will be 20 years.

**Waste lands not cultivated may be included in the renewed lease and**

**cultivated land.**

24. Waste lands which ought to have been brought under cultivation according to the terms of the old lease but which have not been so reclaimed may be again included in the lease and, if so included, should be assessed at the rate for cultivated land.

**Deputy Commissioner can assess excess land or evict the occupier.**

25. If during the currency of a lease a tenant is found to be in occupation of excess land, the Deputy Commissioner can assess extra rent from the date of occupation or evict the occupant as a trespasser.

payable in two instalments annually, namely:—

a 6-anna instalment on 30th November, and  
a 10-anna instalment on 28th February,

this lease of the lands described as aforesaid is granted to you for a period of 20 years from A.D. corresponding to R.S. on the conditions specified below:—

**Conditions.**

1. After expiration of the term of this your present lease, you will receive, subject to the provision of clause 20, a renewed lease at such rates and on such conditions as may then be determined on by Government.

2. You shall pay the rent and cesses to the tahsildar of the tahsil within whose jurisdiction your jote is situated on or before the days specified above or such other days as the Local Government may appoint for the purpose; and you will be given a receipt for all payment made by you on this account, which receipt shall be the only proof of payment that will be admitted.

The lands settled with you shall be subject to any cesses, such as road and public works cesses or any other cesses which may hereafter be imposed by law in addition to the rent assessed.

3. No claims for remission on account of failure of crops, absconding of raiyats or the non-payment of their rent to you will be attended to.

In the event of you, your successors or representatives failing to pay the rent or cesses according to the aforesaid instalments on the aforesaid dates, all arrears shall be realised by sale of your property, according to the provisions of the law for realisation of arrears of Government revenue or any other law for the time being in force for the recovery of public demands.

4. (a) During the term of your lease you are permitted to transfer your jotedari right or any share or interest therein by sale, gift or otherwise, provided that—

(1) the transferee *bona fide* intends to reside on or near the jote, or is carrying on tea cultivation in the district on a lease granted by the Deputy Commissioner, and

(2) the transfer is registered in the Deputy Commissioner's office within six months of the date of its being made and a registration fee at the rate of one anna for every acre of the jote or share thereof transferred is paid.

(b) No transfer which does not fulfil these conditions will be recognised or convey any right to the transferee unless made with the sanction of the Deputy Commissioner previously obtained in writing.

(c) If a share only of a jote is involved, whether the transfer falls under sub-clause (a) or sub-clause (b), no partition of lands or rental of the jote shall be allowed without the sanction of the Deputy Commissioner previously obtained in writing. In the absence of such sanction, the entire jote will remain liable for the entire rent or cesses or any share thereof and will be sold in accordance with the provisions of clause (i) of your lease.

(d) Subject to the above provisions, the transferee will have the same rights and privileges as you have, and will be liable to the same obligations as you are.

5. Your heirs will succeed to this jote by inheritance, provided that every such succession shall be registered in the tahsil office within six months of the right to such succession occurring; and they will be held responsible in the same manner as you are.

6. You, your heirs, successors, representatives and assigns are entitled to sublet the whole or part of the lands covered by this lease to chukanidars, provided they are *bona fide* cultivators and reside on or near the jote, but to no other class of tenant. In the event of your violating this condition, the tenancy you have irregularly created shall be liable to be annulled by the Deputy Commissioner, and you will be liable to the penalties set forth in clause 20, provided that a lease may be granted to a non-agriculturist for a specific purpose with the permission of the Deputy Commissioner obtained in writing.

7. You shall grant to all existing chukanidars and to all chukanidars hereafter created by you in accordance with the permission contained in condition 6 above a registered lease in the form authorised by Government and on the terms contained therein.

8. You are forbidden to enhance the rents recorded in the settlement papers finally published in \_\_\_\_\_ as payable by your existing chukanidars during the currency of this lease.

You shall calculate the rent of all chukanidars whom you hereafter create during the currency of this lease, on the basis of the classifications of land used by the Settlement Department and at rates which shall not exceed the rates fixed for each class by the Settlement Officer for chukanidars at the time this settlement is made with you.

You shall realise from your chukanidars no sum in excess of the rent, as defined in this condition, and the legal cesses.

9. You will keep all boundary lines or marks in good order and repair and clear of jungle to the satisfaction of the Deputy Commissioner of Jalpaiguri or such other officer who may be appointed to look after the Duars Government estates. You will make all boundary marks which you may be required to do by an order in writing from the Deputy Commissioner. If you fail to do so, the Deputy Commissioner or other officer who may be appointed for this purpose, may cause the boundary to be made, and recover the cost thereof under the Public Demands Recovery Act.

10. No right of fishery in any river is granted to you by this lease.

11. You are forbidden to erect any embankment or bund on the bank or in the bed of any river or stream without the express permission of the Deputy Commissioner previously obtained in writing, and you are likewise forbidden to cut any canal or water-course in or leading from the bed of any river or stream or to do any act which will cause or tend to cause any river or stream to change its course or to alter the distribution of the water within its bed without the express permission of the Deputy Commissioner previously obtained in writing.

Should it be necessary in the interest of the public safety or for the conservancy of any river or stream to remove any such bund or to close any such water-course, you are to do so immediately on receipt of the orders of the Deputy Commissioner.

In the event of you or any of your tenants contravening any part of this condition, the Deputy Commissioner will be entitled to take such steps as seem to him necessary to avert any consequence of such unauthorised actions and to recover the cost of so doing from you and your tenants under the Public Demands Recovery Act.

12. All markets and hats in the Western Duars being the exclusive property of Government, no right to establish such market or hat is granted to you, and you are absolutely prohibited from establishing any market or hat on land covered by this lease. If any hat or market be established in contravention of this condition, the Deputy Commissioner shall be entitled under clause 15 to resume the land on which such market or hat is held.

13. A public right of way is reserved over twenty feet on either bank of every navigable river or stream at all times of the year for the boat traffic, and all lands lying within a distance of sixty feet on either side from the centre of any public road or thoroughfare which shall have been or may hereafter be constructed and kept in repair from public funds are liable to be used for ordinary repairs of such roads.

14. Public access shall be allowed at all times to any springs of water on the lands leased, whenever such access is, in the opinion of the Deputy Commissioner, necessary for the convenient supply of good water to persons residing in the vicinity and the lessee is bound not to injure the springs or allow others to do so.

15. If any of the lands covered by this lease be required for a public purpose, the Deputy Commissioner shall be entitled to resume the same and at once to take possession thereof. You will be granted an abatement of rent for all lands so resumed, calculated on the basis of the classification and rates by which your rent has been assessed. Compensation for buildings, standing crops or trees, for which a valuation has been paid to Government, will be awarded to you by the Deputy Commissioner, but no compensation is due to you for the land itself.

16. All rights to minerals or quarries of all kinds are reserved to Government, together with such rights of way and other reasonable facilities as may be requisite for working, getting out and carrying away such minerals.

17. When required to do so by the Deputy Commissioner you are bound to furnish information regarding all particulars of your fote, the changes made from time to time in your tenancy and the crops grown on it.

18. No tea may be cultivated on any land covered by this lease unless the previous sanction of Government has been obtained in the manner prescribed in Section 11 of Chapter 5, Part II of the Bengal Waste Lands Manual, 1934.

19. If you are at any time found by survey or otherwise to be in possession of lands in excess of the area described in your lease, you shall be liable to pay full rent for the excess area from the date of the commencement of the period of your lease. But if the Deputy Commissioner is satisfied that the encroachment took place at a date later than the commencement of the period of your lease, he will be at liberty to remit the rent for the excess area for the period prior to the date of the encroachment. Such unauthorised occupation of land and the payment of rent for it shall give you no right to continued occupation and the Deputy Commissioner shall be entitled to eject you from the excess area, provided that if within three months after the Deputy Commissioner has recorded an order declaring the amount of the excess area and the amount of the rent due thereof, he shall not record an order refusing to agree to your continued occupation of the excess area, he shall be deemed to have so agreed and your lease shall thereupon be corrected under the signature of the Deputy Commissioner so as to show the area and rent as revised.

20. If during the currency of this lease you are found to have contravened any of the conditions hereinabove specified, your lease is liable to be cancelled by the Deputy Commissioner, and all your right, title or interest in the lands covered by the lease will thereupon be extinguished, or if the Deputy Commissioner sees fit, he may inflict a fine not exceeding Rs. 500 in lieu of cancelling your lease, such fines will be recoverable under the Public Demands Recovery Act.

**Jalpaiguri-Darjeeling.** —No. 18261 L.R. —27th November 1935. — The following rules for the grant of leases of waste lands for tea cultivation in the districts of Jalpaiguri and Darjeeling are published for general information, in supersession of the rules published under notification No. 639 T.R., dated the 10th June 1919, at pages 950-64, Part I of the *Calcutta Gazette* of the 18th idem, as subsequently modified :—

### Tea leases.

#### SECTION I.

##### *Rules for the grant of preliminary leases.*

1. It is understood that all waste lands in Darjeeling have been exhausted. The lands that are generally available under these rules in the district of Jalpaiguri are the unsettled lands, excepting reserved forests, which lie within that tract of country, bounded on the North by Darjeeling and Bhutan, West by the Tista river, South by the State of Cooch Behar and East by the Sankos river. Any lots of waste land belonging to Government which lie in any other parts of the district of Jalpaiguri, and which are not reserved for other purposes, may also be made available for tea cultivation under these rules.

**Lands  
available  
for lease.**

NOTE.—Only the lands included in the list referred to in rule 4, Chapter 4 will be available for settlement.

2. The Local Government reserves to itself the right to exclude any particular area (whether before or after an application is made) from the system of free grant and to sell grants in that area by auction on such terms of sale and in such manner as the Local Government may determine.

**Specific  
exclusion  
of areas.  
Power of  
Govern-  
ment.**

3. Applications which involve the conversion of jote lands must be dealt with under the provisions of section II of this Chapter (rules 34 to 40).

**Applica-  
tion for  
conversion  
of jote  
lands.**

##### *Applications for leases.*

4. Every person, company, or association, or promoter of a company or association, desirous of obtaining a grant of land under these rules, must, in person or by a duly authorised agent, present an application on stamped paper of the value of 12 annas to the Deputy Commissioner.

**Applica-  
tion for  
lease.**

All such applications must be entered on receipt in Register 16.

5. The application must specify (a) the name or names, and address or addresses of the applicant or applicants, and of his or their authorised agent, if any, (b) the area, situation and boundaries of the land applied for, as far as they can be ascertained without a detailed survey, (c) whether the land, or any part of it, is, or has ever been, cultivated in any manner, and must be accompanied by such evidence or guarantees as shall satisfy the Deputy Commissioner and superior revenue authorities that the applicant has *bona fide* at his command sufficient capital to enable him to open out the grant.

**Particulars  
thereof.**

**Compact-  
ness of  
land.**

6. Every lot applied for must be compact, and capable of being enclosed in a ring fence; the exact boundaries will, however, be determined by the Deputy Commissioner with due regard to the provisions of the Note to rule 1 and the public interest generally.

**Limit as  
to area.**

7. Grants for areas up to 1,500 acres may be sanctioned by the Deputy Commissioner. When more than 1,500 acres are applied for, the applicant must set forth specifically the grounds for such application. Grants up to 2,000 acres may be sanctioned by the Commissioner; those up to 3,000 acres can be sanctioned by the Board and those for areas exceeding that will require the sanction of Government.

**Procedure  
on receipt  
of applica-  
tion.**

8. On receipt of an application, the Deputy Commissioner must satisfy himself, so far as lies in his power, that the requirements of the rules have been complied with. If he considers that the application should be rejected, he will record an order to that effect, giving his reasons for such rejection. An appeal will lie from such order of rejection to the Commissioner of the Division, if preferred within 60 days from the date of the order.

**Holder of  
a grant  
may apply  
for a  
second  
grant.**

9. The Deputy Commissioner is empowered to accept applications for a second grant from the holder of an existing grant, provided that he is satisfied that the applicant has *bona fide* at his command sufficient capital to warrant the concession, that he has fulfilled all the conditions attaching to his existing grant and that the total area of the existing grant and the grant applied for does not exceed 1,500 acres. If the total area exceeds 1,500 acres, the sanction of the Commissioner, Board of Revenue or Government, as the case may be, will be required, as laid down in rule 7.

**Applica-  
tion when  
to be  
struck off.**

10. If an applicant shall fail to comply with any requisition of the Deputy Commissioner made in accordance with the rules, or fail to deposit any sums of money (other than the cost of survey under rule 11) for which the applicant is liable under the rules, within two months after notice in writing shall have been given to him by the Deputy Commissioner, the application may be struck off.

**Deposit of  
cost of  
survey,  
demarca-  
tion, etc.**

11. On the Deputy Commissioner's entertaining an application for a grant of 1,500 acres or less, or on receipt of Commissioner's, Board's or Government's sanction in the case of applications for larger areas, the applicant or his agent will be required to deposit the estimated cost of enquiry and costs of survey and demarcation calculated at one rupee per acre of the total area applied for. If the area is afterwards ascertained to be greater, costs at the same rate on such excess areas must be realised before a preliminary lease is granted. Payments under this rule do not cover the cost of erecting permanent boundary marks under rule 28.

**Refund of  
survey fee.**

12. In the event of no survey being made, either on account of the withdrawal of the application or for any other reason, the applicant shall be entitled to a refund of the survey fee deposited by him subject to a deduction of the expenditure incurred on the enquiry (if any) under rule 14.

**Failure  
to pay  
survey fee.**

13. If the cost of survey is not paid within one month of demand, the application shall be struck off.

14. On receipt of the sum payable under rule 11 and of an agreement signed by the applicant, or by his authorised agent, to pay such further sum as may be required for the purpose above mentioned, the Deputy Commissioner will record an order appointing an officer to visit the land and to make a full and detailed enquiry into its condition and circumstances.

**Enquiries into condition of land.**

15. The general object of such enquiry shall be to ascertain whether or not the land applied for can be granted under the rules in force; but the Deputy Commissioner may instruct the officer making the enquiry to furnish him with such other specific and detailed information as may seem to him to be necessary.

**Object of enquiry.**

16. In order to ascertain whether there are trees growing on the land which it is undesirable to include in the grant on account of their value either commercially or as fuel to the neighbourhood and also in order to ascertain the value of any trees standing on those portions of the land which are recommended for inclusion within the grant, the Deputy Commissioner shall at once send a copy of the order under rule 14 to the Conservator of Forests who will depute an officer to make a detailed report after examining the land preferably in conjunction with the Revenue Officer appointed under rule 14. The report, a copy of which will be allowed to the applicant, will state whether any areas should be excluded from the grant on account of the trees growing in such areas and, as regards the rest of the grant, will suggest the average rate per acre at which payment should be made for the standing trees. Such officer, in valuing the timber, shall have regard to its present market value on the spot and to the local circumstances of the case, the accessibility of the grant and the prospect of markets for timber becoming available during the currency of the lease.

**Value of forest trees standing on land.**

The Conservator will carefully examine the report and forward it to the Deputy Commissioner with such remarks and alterations as he may think necessary. If the Deputy Commissioner on receipt of the Conservator's report has reason to object to the proposal for exclusion of any areas or to the proposed rate per acre, he may refer the matter to the Commissioner who shall refer to the Board of Revenue any point on which he may eventually differ from the Conservator. If the Board agrees with the Commissioner, the orders of Government shall be taken.

17. (i) On completion of the enquiry ordered in rule 14, the officer making it will record the result thereof, and submit a report for the orders of the Deputy Commissioner. If the Deputy Commissioner, after considering the report, and after calling for such further explanations, oral or written as he may deem necessary, shall be of opinion that the land applied for cannot be granted under the rules, and should not, therefore, be surveyed, he will record an order to that effect. An appeal will lie from such order to the Commissioner of the Division, if preferred within 60 days from the date of the order.

**Proceedings on completion of enquiry.**

(ii) If the Deputy Commissioner decides that the land applied for can be granted under the rules, and should, therefore, be surveyed, he will record an order to that effect.

**Order for survey.**

18. When an order for survey has been passed under rule 17 (ii), the officer who made the enquiry provided for by rules 14, 15 and 17 will proceed to point out to the surveyor the boundaries of the land applied for, and such prominent features in it as may be useful for the

**Survey how to be made.**

purposes of the survey, and which should, in his opinion, be entered in the preliminary lease as hereinafter provided. These will be entered in a list which will be made over to the surveyor under the officer's signature.

**Preparation of map.**

19. The surveyor will then proceed to make the survey and put up such temporary boundary marks as are necessary for that purpose. He must prepare a map showing—

- (a) All natural features of the country lying within the boundaries as fixed by the officer who made the enquiry under rule 14, e.g., *bils*, streams, forest clumps, etc.
- (b) Such features of the country lying outside the boundary of the land to be surveyed as may serve to identify the latter and connect it with the revenue survey or other existing map.
- (c) The total area within the boundaries after deduction of areas for roads or other Government reserves, jotes, etc., and the net area of the grant,
- (d) Points at which permanent or other marks should be erected by the lessee.

The surveyor is bound to bring to the notice of the Deputy Commissioner any fact which may come to his knowledge in the course of the survey rendering it advisable that the land he is surveying should not be granted under these rules. He is particularly bound to bring to notice any need for public roads across the lands he surveys and if the Deputy Commissioner concurs with the surveyor in this matter, the road or roads should be marked off on the ground and on the map, and the area to be occupied thereby should be deducted from the rent-paying area of the grant.

**Scale of map.**

20. The map should ordinarily be on a scale of 16 inches to the mile. If possible, the surveyor's field book should be copied at the back of it. If not, a copy of the field book should be attached to or accompany the map. If the map be made originally in the vernacular, the Deputy Commissioner will cause it to be translated into English.

**Checking of map.**

21. On the map being completed, it must be checked by an officer appointed by the Deputy Commissioner for the purpose. If found to be incorrect, it will be amended by the surveyor in conjunction with the officer above mentioned. If found to be correct, it will be laid before the Deputy Commissioner with the report of the officer who made the preliminary enquiry under rule 14 and with all other papers connected with the case, and will be signed by the Deputy Commissioner and the applicant.

**Consideration of application after survey.**

22. The Deputy Commissioner will then proceed to consider the application. A date for the purpose must be previously fixed by him, and due notice of it given to the applicant or to his authorised agent.

The Deputy Commissioner shall have power to fix salami, provided it is not less than five times the annual rent in which case the sanction of the Commissioner must be taken. The applicant or his authorised agent shall be informed of this.

23. The Deputy Commissioner shall have power to reject an application at any stage of the proceedings under the rules, if he sees reason to do so, refunding in such case to the applicant the deposit made by him on account of survey, *minus* such an amount as it may seem to the Deputy Commissioner fair to retain in consideration of the expenses incurred. The Deputy Commissioner is authorised to reject an application when he does not consider that there is a *bona fide* intention on the part of the applicant to cultivate tea in the land applied for, or when it appears desirable to reserve the land for cultivation other than tea, or to preserve any forest standing on it. An appeal against every such order of rejection shall lie to the Commissioner of the Division, if preferred within 60 days of the date of the order.

Rejection of application and refund of deposit for survey.

*Preliminary leases.*

24. If the Deputy Commissioner grants the application, he will without delay grant the applicant a lease in Form B annexed and call upon him to execute a counterpart thereof, which must be registered, and to pay for forest trees the sum assessed under rule 16 and to pay also such salami for the grant of the land as may be fixed by the Deputy Commissioner. Payment of these sums may be made by instalments with the sanction of the Deputy Commissioner, which will only be given when he is fully satisfied of the good faith and solvency of the applicant. In such cases the dates and amounts of the instalments shall be endorsed upon the lease, and the lessee must covenant that, in the event of his surrendering or abandoning the lease, all outstanding instalments shall be forthwith recoverable from him, whether the timber on the grant has been cut by him or not; but he shall have no further right to fell or remove timber from the grant.

Grant of preliminary lease and payment for forest trees.

25. The Board reserves to itself the right—

- (a) to enter conditions in the lease controlling the establishment and management of markets and *hats* within the area leased;
- (b) to enter conditions in the lease prohibiting forms of cultivation in specific areas which might endanger the stability of the soil;
- (c) to sanction such changes in or additions to the prescribed form of lease as may be necessary for any specific case;
- (d) to dispense with preliminary leases in special cases or for special areas.

Rights reserved by the Board.

26. No rent shall be charged for the year of entry, i.e., from the actual date of entry to 31st March following. Thereafter and until the grants next come under resettlement the rates of rent per acre shall be fixed so as to correspond more or less with the rates fixed for lands with similar advantages in the latest revisional operations by the Settlement Officer:

Rates of rent.

Provided that in any case in which the Deputy Commissioner is satisfied that the applicant will not be able to get a full crop from the land in the first complete year of settlement, he may fix half the rate for one or more of the first four complete years.

Entry of  
lease in  
the Tauzi  
Roll and  
Register  
32.

27. Every lease granted, except as covered by the rules for the amalgamation of grants, shall be entered as a separate Government estate in the Tauzi Roll and in Register 32, Part III.

*Demarcation and erection of boundary marks.*

Erection of  
boundary  
marks.

28. When granting the lease, the Deputy Commissioner shall also direct the lessee to mark out the land leased within three months of the granting of the lease in such manner as may be directed, and by erecting boundary marks at the points indicated on the map. These boundary marks may be made of brick, stone, concrete or iron of such shape and dimensions as the Deputy Commissioner may direct and may not be made of wood.

Their  
rectifica-  
tion.

29. On the expiry of three months from the date of granting the lease, the surveyor shall test the correctness of the boundary lines, and ascertain whether the boundary marks have been erected and are in their proper places, and report the result to the Deputy Commissioner, at the same time pointing out to the lessee or his representative, by written notice, any mistakes or omissions that may be found. If the mistakes or omissions are not rectified or supplied by the lessee or his representative within 60 days of the receipt of such notice, the lessee or his representative shall be liable to a fine, not exceeding Rs. 50 per day, from the date of the expiry of such notice till the requirements of the notice have been complied with. If, at the expiration of 30 more days, he fails to rectify the mistakes and omissions, the Deputy Commissioner may direct that such rectification shall be carried out, and may recover from the lessee the cost of so doing.

*Preliminary possession.*

Prelimi-  
nary  
possession  
to grantees.

30. Whenever, after receipt of an application, as provided for in rule 4 and after making the enquiries prescribed in rules 14 and 16, the Deputy Commissioner shall be of opinion that there is no *prima facie* objection whatever to the grant under the rules of the land applied for, he may put the applicant in preliminary and provisional possession of any area not exceeding one-half of the estimated area of the land applied for, with the object of enabling the applicant to make preparation for commencing cultivation and getting the land in order: provided that the applicant, before obtaining such preliminary possession, shall have cleared the boundaries and erected such temporary boundary marks round the whole of the area applied for as the Deputy Commissioner may direct, and that the amount of all estimated charges incurred in connection with such preliminary occupation shall have been deposited by the applicant: provided further, that the applicant shall engage in writing to pay the cost of any trees felled at such rate as may be determined by the Forest Department after inspection of the land under rule 16: and provided further, that the applicant shall take on himself all risk of loss occasioned by other claims being preferred to the land or by his application being eventually rejected or from any other cause whatsoever. Such preliminary and provisional possession is not to be regarded as fixing the date of entry upon the grant.

31. The order for and conditions of such preliminary occupation shall be in Form A annexed, and shall be addressed to an officer appointed by the Deputy Commissioner. A copy of the order shall be delivered to the applicant at the time of giving preliminary possession by the officer who gives it, the officer signing and dating in then and there. The original order shall be signed by the applicant on the date he receives possession in acknowledgment thereof, and shall be forwarded by the officer with his report written on the back to the Deputy Commissioner for record in his office.

**Order for giving preliminary occupation.**

#### *Transfer of Application.*

32. If any transfer of an application for land is desired before the grant of the preliminary lease, and if such a transfer is allowed, it must be registered in the Deputy Commissioner's office within 21 days of the issue of the order allowing the transfer, or within three months if the deed be executed out of India, and a fee of one rupee an acre must be paid by the transferee. No transfer, however, will be allowed unless the transferee would be eligible as an applicant under rule 5 or as holder of a second grant under rule 9.

**Transfer of application.**

#### *Recovery of costs, etc.*

33. Fines, costs, or any other money that may become due from applicants or lessees to Government under rules 14, 24, 29 and 32 shall be realisable as public demands.

**Fines, etc., how to be recovered.**

### SECTION II.

#### *Conversion of jote lands for tea cultivation.*

[NOTE.—This section applies to all jotes except the Old Mal Jote..]

34. No application which involves the conversion of jote lands shall be entertained unless the applicant has obtained the previous sanction of Government through the Board of Revenue to the purchase and amalgamation of the jotes. The application for such sanction shall be submitted, with a court-fee stamp of Rs. 1-8 affixed, to the Board of Revenue through the Deputy Commissioner and the Commissioner, and it shall specify the following particulars:—

**Application for conversion.**

- (a) The name or names and address or addresses of the applicant or applicants, and of his or their authorised agent, if any.
- (b) The area, situation and boundaries of the jotes whose amalgamation is applied for. A copy of the last settlement map of the jotes in question shall be furnished.
- (c) If the jotes to be amalgamated are intended to form part of an existing tea grant, the tanzi number of the grant and its distance from the jotes should be mentioned.
- (d) The name or names of the parties from whom the applicants intend to purchase the jotes should be mentioned, specifying the reason why the former are selling them.

**Enquiry  
by the  
Deputy  
Commis-  
sioner.**

35. On receipt of such an application the Deputy Commissioner shall make a full and detailed enquiry as to the following matters:—

- (a) the suitability of the land for tea cultivation;
- (b) whether the applicants have sufficient capital at their disposal to start a tea garden;
- (c) whether the proposed transfer is a voluntary or forced transaction;
- (d) whether the price which the applicants propose to pay for the land is fair;
- (e) whether adequate compensation will be paid to the sub-tenants on the land, if any;
- (f) whether there is any specific objection to the establishment of a tea garden in the locality.

**Applica-  
tion for  
purchase  
and  
settlement.**

36. Where the application takes the form of a request to sanction the purchase of jote lands combined with a request to settle other neighbouring khas lands with the applicants, the Deputy Commissioner's enquiry should be on the same lines as those described in the previous rule.

**Report to  
Board.**

37. After completing his enquiry the Deputy Commissioner will submit a detailed report along with the application to the Board of Revenue through the Commissioner. The orders of the Board or Government will similarly be conveyed to the Deputy Commissioner through the Commissioner.

**Procedure  
when the  
applica-  
tion is  
sanc-  
tioned.**

38. When sanction under rule 37 has been obtained and the applicant has purchased the jote lands for the conversion of which sanction has been given, the applicant shall submit an application to the Deputy Commissioner—

- (a) for the formation of a tea grant and the issue of a tea lease, or,
- (b) for the amalgamation of the purchased lands with an existing grant and the issue of a revised lease.

The application shall bear a court-fee stamp of annas twelve and shall contain the number and date of the Government order sanctioning the purchase and amalgamation of the jotes.

**In the  
case of  
the forma-  
tion of a  
separate  
grant.**

39. (a) If the application is for the formation of a separate grant, the procedure laid down for the lease of waste lands for tea cultivation shall be followed in its entirety, except that the inquiry under rule 14 may be omitted. The lease shall be in the renewed lease form and the rate of rent shall be fixed by the Board of Revenue on the report of the Deputy Commissioner and shall not be less than the rent paid before conversion.

**In the  
case of  
an amal-  
gamation  
with  
existing  
grant.**

(b) If the application is for amalgamation of the jotes with an existing grant, the applicant shall surrender his lease for the existing grant and a new lease will be given to him in place of the old, showing the changes in the area and the increase of revenue payable in consequence thereof. The new lease will be in the same form as the surrendered lease and its term will be the unexpired portion of the surrendered lease. The rent of the area covered by the surrendered lease will not be changed. The rent of the converted jote land will be fixed as in sub-clause (a) above.

40. If the converted jote lands are amalgamated with an existing grant, intimation shall be conveyed to the Tauzi Department of the alteration in the revenue of the grant and to the proper Revenue Officer for abatement of rent due on account of the converted jotes. **Tauzi procedure.**

If the converted jote lands form a new grant, intimation shall be conveyed to the Tauzi Department for assigning a tauzi number to the new grant in the tauzi roll and to the proper Revenue Officer for abatement of rent due on account of the converted jotes.

### SECTION III.

#### *Maintenance and renewal of tea leases, transfer and amalgamation.*

41. Lessees are not permitted to transfer, club or amalgamate their grants without the formal sanction of the Deputy Commissioner: no transfer shall, however, be sanctioned unless the clearance conditions of the lease have been fully carried out by the transferor. All such transfers or amalgamations of titles must be registered in the Deputy Commissioner's office under the provisions of section 42 of the Bengal Land Registration Act, VII of 1876 (*vide* rule 20, Chapter IV, page 159, Bengal Land Registration Manual, 1927, and Part I, Chapter 1, rule 10, page 2 of this Manual). **Sanction and regulation.**

42. When two or more grants are amalgamated, they will appear on the tauzi roll under one entry, retaining the tauzi number of the largest grant [*vide* rule 19(vi), Bengal Tauzi Manual, 1918.]. **Entry of amalgamated grant in tauzi roll.**

43. When an amalgamation of grants held under preliminary leases has been sanctioned by the Deputy Commissioner and duly registered, the percentage of clearance required by the terms of the lease shall be calculated on the amalgamated area. Unauthorised amalgamations shall subject the lessees to forfeiture of all rights in the lands so amalgamated. **Conditions of amalgamation.**

#### *Preservation of boundary marks.*

44. The lessee shall maintain the boundaries of the grant clear of jungle and all the boundary marks in good repair; he shall clear the boundaries of jungle at least once a year, not later than the end of February. **Maintenance of boundary.**

45. If upon any inspection being made it shall be found that owing to the neglect of the lessee, the boundary lines and boundary marks of his grant have either never been cleared and erected in accordance with instructions received by him, or have been allowed to fall out of repair or become covered with jungle in such a manner that, without a re-survey of the entire boundary line or a portion thereof, the exact position of such boundary marks or lines cannot be ascertained, the Deputy Commissioner may direct that such re-survey be made and may recover from the lessee such sum, not exceeding one rupee eight annas per acre of the grant, as may suffice to defray the cost of such re-survey. **Preservation of boundary marks.**

46. The Deputy Commissioner shall himself occasionally inspect and shall arrange for the regular inspection of all boundary lines and marks required to be maintained and erected under the terms of the lease. The result of these inspections and the general condition of the boundary lines and marks shall be reported in the Land Revenue Administration Report. **Inspection of boundary marks.**

**Repair of  
boundary  
marks.**

47. Should any boundary lines or marks be found out of order, the Deputy Commissioner shall issue a notice on the lessee or his representative, requiring him to place the same in order within 30 days of the receipt of the said notice; on his failing to do so, the Deputy Commissioner shall cause the same to be put in order, and shall recover from the lessee or his representative the cost of so doing.

*Surveys.***Excess  
area.**

48. If the lessee is at any time found by survey or otherwise to be in possession of land in excess of the area for which he has paid rent, he shall pay rent at the rates payable by him for the grant itself for such excess land whether it be within or without the boundaries described in the lease or map from one year after he entered on the occupation of the grant or any portion of it unless it is established to the satisfaction of the Deputy Commissioner that no possession of the excess land was taken until after the grant of the renewed lease; in the latter case rent shall be payable from the date of the expiry of the preliminary lease, provided, however, that such unauthorised occupation of excess land and payment of rent therefor shall give the trespasser no right to continued occupation and the Deputy Commissioner shall be entitled to recover possession of the excess area. In deciding whether the trespasser should be left in occupation, he should pay particular attention to the provisions of the Note to rule 1, Section I of this chapter.

**Resurvey  
on re-  
settlement.**

49. In the absence of specific orders of the Board of Revenue to the contrary, the renewal of a grant shall always be preceded by a detailed survey of the boundaries and the preparation of a new map on which all boundary lines and marks shall be clearly shown; such further details as the Deputy Commissioner may think necessary shall also be shown on the map. The full cost of such survey and map shall be borne by the lessee who shall deposit the estimated cost in advance at a rate not exceeding Re. 1 per acre. The Board of Revenue will not ordinarily require a fresh survey where no alterations of boundary have been reported and where the boundary marks are in proper order, provided that a map already exists, prepared under the authority of Government within the last 15 years.

*Recoveries of costs, etc.***Realisa-  
tion of  
costs and  
fines, etc.**

50. All costs or fines payable under rules 45, 47 and 49 that may become due from lessees or their representatives shall be realisable as public demands.

*Preliminary procedure for resettlement.***Mainten-  
ance of  
Register  
32.**

51. Under the provision of rule 27 all leases for tea cultivation are entered under separate tauzi numbers in Register 32, Part III; the rules for the maintenance of this register must be strictly followed, as it enables the Deputy Commissioner to see on what date the lease of each grant in his district expires.

**Procedure  
to ensure  
resettle-  
ment on  
expiry.**

52. Resettlement of all tea grants, whether under the present or former rules, shall be included in the annual programme and estimates for resettlements. The Deputy Commissioner shall be responsible for taking steps in due time either for the termination of tea grant leases

on their expiry or for resettlement in accordance with the rules in force. It must not be forgotten that a resettlement necessitates a fresh survey and the appointment of additional staff and accordingly requires time.

53. If for any reason the proceedings for resettlement cannot be concluded before the date fixed for payment of the first instalment of the revenue after the expiry of current lease, the existing lease should be renewed summarily for a period of one year provided that the delay is not due to the neglect or obstruction of the lessee. The reason for the failure to renew the lease in due time should be reported to the Commissioner.

**Summary  
settle-  
ments.**

#### *Renewal of leases.*

54. The ordinary term of renewal of tea leases shall be for a period of 30 years.

**Term of  
the lease.**

55. The terms of resettlement of tea grants must be based on the conditions laid down in the existing leases, provided that nothing shall be held to prevent the addition of such clauses in the renewed lease as may be deemed necessary and are not inconsistent with the law and rules or the express conditions of the grant. Such additional clauses, however, shall not have retrospective effect.

**Conditions  
of former  
lease to be  
main-  
tained.**

56. A standard form of renewal lease is given in Form C. This form must be used invariably in the case of renewals of preliminary leases granted under the rules of 1919, and should be adopted with necessary modifications for the renewal of leases originally granted under earlier rules. The counterpart, which the lessee should be called upon to execute, must be registered under the Indian Registration Act.

**Type of  
renewal  
lease.**

57. For leases granted prior to the issue of the rules of 1919, the rate of rent for land under tea shall not exceed the rate of rent per acre paid in the neighbourhood at the time of renewal for the highest class of land under ordinary cultivation, provided the average rate of rent shall be not less than Re. 1-4 per acre:

**Rate of  
rent.**

Provided also that when a lease is renewed for a grant on which there is a hat or market, the Deputy Commissioner will enquire into the income of the hat or market and the cost of maintaining it and the net profit and that in such cases a percentage of the net profit derived by the lessee from the hat or market may be added to the rent assessed under first part of this rule and the total will be the rent of the grant for the whole period of the lease.

NOTE.—The “rate of rent per acre paid in the neighbourhood at the time of renewal for the highest class of land under ordinary cultivations” does not refer to the rent paid by jotedars or any particular grade of tenants but to the rate which any chukanidar or actual cultivator can, as experience has shown, afford to pay for the most fertile land growing rice, sugarcane or any other staple crop.

58. When the lessee or his representative has failed to observe any of the essential conditions of the lease, he is not entitled as of right to resettlement. The clearance of the percentage of area as required by clause 4 of the preliminary lease (Form B) is one such essential condition and resettlement should not be allowed where there has been a failure to observe the clearance clauses, as companies and individuals cannot be permitted to take up large quantities of land merely to hold until it suits them to cultivate.

**Refusal of  
renewal on  
breach of  
conditions.**

**Condonement of breach of conditions.**

59. Where the breach of any essential condition of the lease has been condoned, the lessee shall not be entitled to the benefit of any special conditions or privileges contained in his lease or renewal, but shall be required to accept the terms and conditions in the prescribed form of renewal lease (Form C).

**Respect of special conditions.**

60. Where all the essential conditions of the lease have been observed, the lessee is entitled to the benefit of any special privileges due to him on renewal according to the terms of his lease, even though they are inconsistent with the terms of the standard form of renewal lease. These privileges must be duly respected, but in drawing up the new form of lease regard must be had to the provisions of rules 55 and 56 above.

**Sanction for renewal of leases.**

61. Renewals should be sanctioned by the same authority as sanctioned the preliminary lease. When taking sanction of superior authorities, the Deputy Commissioner should report in the following form:—

- (a) Description of survey required under rule 49.
- (b) Report on condition of boundary lines and marks.
- (c) Steps taken to ensure renewal of lease in due time (rules 52 and 53).
- (d) Proposed rate of rent and method of assessment.
- (e) Copy of existing form of lease.
- (f) Proposed renewal form of lease (if not in prescribed form).
- (g) Reasons for action taken for breach of condition of lease (rules 58 and 59).
- (h) Explanation of clauses in proposed lease differing from the prescribed form.

At the time of sanctioning renewal or while submitting his report for obtaining the sanction of the superior authorities, as the case may be, the Deputy Commissioner should send a draft of the new lease containing the proposed rent, together with an explanation of the methods of assessment, to the lessee or his agent, intimating that the objections to the draft lease will be received within 30 days. On receipt of any objection the Deputy Commissioner may give the lessee an opportunity of being heard in support of his objections and will decide the objections himself if the sanction of the grant is within his competence or otherwise will forward his recommendations thereon to the higher authorities for consideration.

**Appeals.**

62. An appeal may be made to the Commissioner against any order of the Deputy Commissioner inflicting a fine or other penalty for a breach of the preliminary or renewal lease and an appeal may be made to the Board of Revenue against any order of the Commissioner ordering resumption of the land or the forfeiture of the lease.

**SECTION IIIA.****Classification of leases.**

63. The tea leases in Darjeeling can be classed in two broad divisions governed by the time when the grants were originally created:—

- (i) Those created under ordinary cultivation leases with consequential modifications.
- (ii) Those created under the tea lease rules of 1875 which were extended to Darjeeling in 1878.

The leases falling under class (i) do not restrict Government in the matter of assessment which must merely be at fair rates and the order of the Government of India that the rate of rent shall not exceed the rate paid in the neighbourhood at the time of renewal for the highest class of land under ordinary cultivation does not apply.

(16) After the expiration of the 5th year, the Deputy Commissioner or other deputed officer shall enter on, inspect and make a detailed survey of the whole grant for the purpose of resettlement. The lessee may at any time demand that an inspection and measurement be made of the area cleared, and under cultivation. If on any inspection being made during the term of this lease, or if on the first inspection being made after the expiration of such term it is found that 15 per cent. of the total area held under the lease has been brought under cultivation by means of good husbandry and actually bears tea plants, the lessee shall be entitled to the renewal of the lease for a further period of 30 years and to renewals for similar periods in perpetuity, subject to the rules and the terms and conditions of the renewal leases, and to such clauses as the Local Government may from time to time find it necessary to add on the renewal of a lease; provided that such additional clauses shall not be inconsistent with law or the express conditions of the grant, and shall not have retrospective effect.

At the expiration of three years, all rights in the lands

In exercise of the power conferred on me by section 15 of the Bengal Ferries Act, I of 1885, I approve the following rules made under the said section for the district of Malda, in supersession of the rules published under Government notification, dated 14th May 1888:—

*Rules under section 15, Act I (B. C.) of 1885,  
framed for the district of Malda.*

Rule 1. In these rules the term “Magistrate” includes—

(a) the District Magistrate of Malda and any Magistrate subordinate to him and appointed by him in that behalf;

(b) the district board of Malda in respect of any public ferry the management of which has been vested in it under section 35 of Act I (B. C.) of 1885; and any local board in the district of Malda when legally vested with powers in respect of any public ferry by the district board of Malda.

Rule 2. Every public ferry in the district of Malda shall either be held khas by the Magistrate, or be leased by public auction.

*Rules for the management of public ferries  
held khas.*

Rule 3. For every public ferry which is held khas, the Magistrate shall from time to time—

(a) provide such boats, landing-stages, rest-houses and other appliances as he shall think proper;

(b) appoint a suitable person to superintend the plying of the ferry, provide and pay boatmen, receive the authorised tolls and remit the same to the treasury;

(c) fix, with approval of the Commissioner, the tolls to be levied from persons using the ferry;

(d) cause a schedule of such tolls, legibly written in the vernacular, to be fixed up on both landing-stages;

(e) determine the maximum number of passengers, animals, carts, vehicles, and goods which each ferry-boat shall carry, and cause a notice to this effect to be affixed to each boat;

(f) determine the hours within which the boats shall ply, and the minimum number of journeys to be made every day;

(g) provide for the prompt conveyance of the mails at all times across the ferry.

Rule 4. Any person may compound for tolls payable for the use of the ferry; and if the ferry should be closed before the expiry of the period for which such person has compounded for tolls payable for its use, he shall be entitled to a refund, the amount of which shall bear the same proportion to the whole sum paid by him as the period remaining bears to the whole period for which he compounded. Such refund shall be made under the orders of the Magistrate.

*Rules for leasing out ferries.*

Rule 5. When it has been determined to lease the tolls of any public ferry by auction, under section 9 of Act I (B. C.) of 1885, the Magistrate shall, at least fifteen days before the auction is held, cause an advertisement of such auction to be published in the vernacular, in such place and in such manner as to him shall seem expedient.

(k) such other particulars as the Magistrate shall consider necessary.

Rule 7. A copy of the advertisement, and of the Rules and the Form of Agreement required to be executed under section 9 of the Act, shall be posted up in a conspicuous place in the Magistrate's office, and shall be duly notified on the day of the auction.

Rule 8. On the day of the auction the lessee, to whom the ferry has been knocked down, shall deposit 25 per cent. of the yearly rent as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Magistrate, be dispensed with in the case of small ferries in which boats or canoes are not provided by Government.

Rule 8A. Notwithstanding anything contained in rule 8 above the Magistrate may demand of any bidder in advance the payment of either the entire or any part of the bid especially of such of them as are of unknown status or of doubtful solvency and he may reject the bid of any such person as fails to comply with the demand.

Rule 9. In cases in which the ferry is leased for only a year or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. Rule 12. The lessee shall be bound to ferry over diligently, carefully, and with the least possible delay, all passengers, vehicles, animals and goods which may come to the ferry ghat to be ferried over.

Rule 13. The rate of tolls to be levied shall be those fixed by the Magistrate, with the approval of the Commissioner under section 18 of the Act.

(h) members and employees of the district and the local boards while travelling on duty;

(i) all articles of the district and the local boards together with the conveyances carrying such articles both for the original and return journeys, provided such articles and the conveyances are accompanied by a written order signed by the chairman of the district or the local board as the case may be, or by any other officer authorised by him in this behalf.

Rule 15. The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves or take other persons across without charge in their own boats.

Rule 16. The ferry shall ordinarily ply between sunrise and sunset, but the lessee may employ the boats in ferrying passengers across at any time after sunset and each boat so employed must carry a light which shall be displayed in a conspicuous part of the boat:

Provided that any officer of Government or of the district or the local board while travelling on emergent duties shall be ferried across at any time of the day or night.

Provided also that when required by the chairman of the district or the local board all ferries shall be kept open for ferrying over passengers during such part in the night and under such conditions as may be specified by him.

Rule 17. The lessee and every person in charge of a public ferry and every person acting under either of them, shall be bound to convey across the river mails and dak-runners directly they reach the bank. Previous notice shall so far as may be conveniently practicable be given to the lessee by the Magistrate or by the Post Office Department, of the times at which the mails may be expected at the respective banks, and the Magistrate may fix the times for crossing the mails, and may vary such times. But no person shall be exempted from the obligation of this rule on the ground that such notice has not been given, or on the ground that any mail reaches the bank at a time other than the time notified.

Rule 17A. (a) No lessee shall use a boat for the purpose of a ferry which does not bear the distinctive mark showing that the boat has been examined and passed by an officer empowered by the chairman of the district or the local board for the purpose.

(b) No lessee shall use a boat which is not marked with a red line at least 2 inches wide marked 1 foot below the lowest point of the upper edge of the boat and all round the boat.

(c) No lessee shall take in a ferry boat more persons than the marked capacity of the boat or load it in such a way that the red line is submerged.

(d) No person shall embark on a ferry boat which has already been loaded up to its marked capacity.

**Rule 18.** The lessee shall provide and keep in proper order to the satisfaction of the Magistrate, the landing-stages on both sides of the ferry, and shall move them, when necessary, according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry as required by the Magistrate, and shall make all proper arrangements and provide all suitable accommodation on the ferry boats for passenger and goods traffic.

**Rule 19.** The lessee shall mark on each boat the number of passengers, animals and vehicles and the bulk and weight of other things it is authorised to carry at a single trip.

**Rule 20.** When any ferry which has been leased for a given period is discontinued under the orders of the Magistrate before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease. If it be shown to the satisfaction of the Magistrate that the lessee has suffered any loss, consequent on the discontinuance of the ferry, the Magistrate may allow him such compensation as he thinks is deserved.

**Rule 21.** In the event of the ferry being discontinued before the expiry of the lease, either by order of the Magistrate or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in rule 4 and unless the claims of all such persons have been satisfied by the lessee, the Magistrate shall have authority to satisfy the claims out of the deposit made by the lessee under rule 8.

**Rule 22.** The lessee shall, when required by the Magistrate to do so, but not otherwise, furnish all information in his power regarding suspicious persons or classes of persons who may have been, or come to be, ferried over.

**Rule 23.** The lessee shall be bound to furnish such returns of traffic as may from time to time be called for by the Magistrate, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Magistrate.

**Rule 24.** If the lessee desires to establish communication across the ferry by means of a bridge of any kind, he shall first obtain the sanction, in writing, of the Magistrate, and shall, on obtaining such sanction, carry out any orders which the Magistrate may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

**Rule 25.** The Magistrate may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed.

**Rule 26.** Police officers will report at once any instance of mismanagement of a public ferry, the insecurity of the boats, landing-stages, slopes or approaches, and any other defect in the working of the ferry, which may come to their notice.

**Rule 27.** Notwithstanding any other rules to the contrary the ferry boats belonging to any public ferry shall not be plied when the current, wind, or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

**Rule 28.** A register in the following form, showing the demand and collection on account of rents payable for tolls of public ferries, shall be kept up by the Magistrate:—

1. I, the lessee, have deposited \_\_\_\_\_ with the intent that the Magistrate shall hold the same until the determination of the lease, as partial security for the due performance by me of the stipulations herein contained, and for the observance by me of the provisions of the Bengal Ferries Act I (B. C.) of 1885 and the rules framed under it, and may deduct therefrom any rent which may become due or penalties which may be awarded under sections 23, 24 and 25 of the said Act.

2. I, the lessee, do hereby acknowledge to have received a copy of the rules under section 15 of the Act aforesaid, and to be aware of the provisions of section 10 of the Act under which I am legally bound to conform to them. I also acknowledge to have received a list of the tolls to be levied at the ferry.

3. The lease to me is to be for  
namely, from the \_\_\_\_\_ to the \_\_\_\_\_  
, and during this period  
I shall be bound to ply the ferry from the \_\_\_\_\_  
to the \_\_\_\_\_ every  
year.

4. I hereby agree—

(a) (to provide \_\_\_\_\_ boats for the  
ferry and) to keep the boats (provided by the  
Magistrate for the ferry) in proper repair;

(b) to employ a crew of \_\_\_\_\_ men on  
each boat;

(c) to make at least \_\_\_\_\_ crossings every  
day; and

(d) to (provide and) keep in order the land-  
ing-stages and the travellers' sheds at either  
or both banks of the river.

5. I shall not charge or demand tolls for  
ferrying over—

(a) mails, mail-carts, dak-runners and Gov-  
ernment telegraph messengers on duty;

(b) commissariat stores, animals and  
vehicles, when accompanied by a challan from  
the Commissariat Officer;

(c) military officers, soldiers, and their  
followers, when travelling on duty with their  
*bona fide* baggage, horses, palkies and other  
conveyances;

(d) police and other public officers and pro-  
cess-serving peons, when travelling on duty  
with their *bona fide* baggage, horses, palkies  
and other conveyances;

(e) executive officers of the district board  
when travelling on duty.

(f) coolies engaged in repairing roads, with  
their tools and instruments;

(g) persons carrying dead bodies or property  
sent in by the police.

(h) members and employees of the district  
and the local boards while travelling on duty;

(i) all articles of the district and the local  
boards together with the conveyances carrying  
such articles both for the original and return  
journeys, provided such articles and the con-  
veyances are accompanied by a written order  
signed by the chairman of the district or the  
local board as the case may be, or by any other  
officer authorised by him in this behalf.

6. I shall not charge or demand tolls from  
persons who wade or swim across, or take  
cattle or other animals or property across at  
their own cost and risk, or from persons who  
cross themselves, or take other persons across  
without charge, in their own boats.

7. I hereby agree to pay the rent in the  
following instalments:—

	Rs.	a.	p.	Date.
1st	...	...	...	...
2nd	...	...	...	...
3rd	...	...	...	...
4th	...	...	...	...

(Any number of instalments may be enter-  
ed, at the Magistrate's option, not exceeding  
twelve a year). But if at any time before

the expiry of the period for which the ferry  
has been leased to me, I be removed there-  
from for any breach of the terms and condi-  
tions of the lease, or for any wilful breach of  
any of the rules under section 15 of the Act,  
I shall be liable to pay rent up to and includ-  
ing the instalment due next after my removal.  
Provided that, if after my removal the ferry  
is leased to another person, or managed in  
any other way, and if thereupon any sum less  
than the amount originally due from me for  
the whole year shall have been recovered by  
the end of the year, I shall be liable for the  
difference between the amount originally due  
from me and the total amount recovered by  
the end of the year.

8. If the rates of toll are reduced during  
the currency of my lease, or the exemptions  
from the payment of it are extended, this  
agreement is to be modified accordingly. I  
shall be given a fair opportunity of satisfying  
the Magistrate as to the effect of the change,  
and if the terms proposed by him thereafter  
are not such as I can reasonably accept, I  
will, according to the law, immediately carry  
into effect the order reducing the rates of toll,  
or extending the exemption from payment of  
it, but will at the same time state that amount  
of rent I may be willing to pay under the  
altered circumstances of the case. Should my  
offer appear to the Magistrate to be inade-  
quate, it shall be competent to him to remove  
me and place another person in charge of the  
ferry, and for such time as I remain in charge  
of the ferry after the issue of the order re-  
ducing the rates of tolls, or extending the  
exemption from payment of it, I shall pay  
rent only at the rate tendered by me.

9. If I make default in the payment of the  
rent for the ferry, or of any penalty which  
may be lawfully imposed or if I do not  
observe and perform the covenants herein con-  
tained, it shall be lawful for the Magistrate  
to remove me from the charge of the ferry  
and to settle the same with some other person.  
After such removal, I shall not be entitled to  
any part of the proceeds of the ferry or to  
levy any toll therefor. And if the rent on  
re-letting the ferry fall short of the amount  
at which it was leased to me, and the Govern-  
ment thereby incur loss, I shall be held res-  
ponsible for such difference or loss, the  
amount of which may be deducted from my  
deposit. If the deposit does not cover the loss  
incurred, the rent due from me, and the  
amount of tolls refunded by the Magistrate  
under rule 21 of the rules under section 15 of  
the Act, the total amount which is deficient  
shall be recoverable in the manner set forth  
in section 12 of the Act.

10. I will not assign, sublet or part with  
the possession of the ferry without the pre-  
vious consent, in writing, of the Magistrate.

11. I shall not claim any compensation on  
account of roads being closed for repairs, or  
being in bad order, or on account of inunda-  
tions, or the breaking down of bridges, or the  
lowness of the river.

12. I.....do hereby  
execute the document on accepting the terms  
and conditions recited above.

F. W. ROBERTSON, Commissioner.

**STATEMENT OF OBJECTS AND REASONS.**

The object of the present Bill for amendment of the Bengal Municipal Act, 1932, is mainly to remove certain anomalies to which attention of Government has been drawn from time to time. The Bill also incorporates some of the amendments proposed by certain non-official members of the Legislative Council in the Bills introduced by them in the Council during the last two years. Besides introducing a few important changes in regard to franchise qualifications and the term of the body of the appointed commissioners of newly created municipalities, and providing for a right of appeal with respect to the preparation of the electoral roll, provision has been made for allowing certain concession in regard to the payment of the conservancy rate to mills and factories, etc., contributing towards the cost of a sewerage scheme. Practical experience having shown that the provisions of section 465 are unworkable without a provision for the licensing of dogs, it is proposed to permit municipalities to levy a tax on dogs at their discretion, to prescribe the compulsory wearing of tokens by licensed dogs and to destroy, subject to appropriate safeguards, dogs not wearing tokens. The Bill also incorporates provisions on the lines of sections 100A, 100B and 100D of the Bengal Local Self-Government Act, 1885, for the proper control of fairs and *melas* within municipalities.

Opportunity has also been taken to remove certain practical difficulties experienced in the working of the Act.

## NOTES ON CLAUSES.

**Clause 2.**—The amendment in section 3(54) is designed to make the intention clearer.

**Clause 3(i).**—The alteration in proviso (2) of section 16 is necessitated by the fact that the term of one year happens to be too short for the preparation of electoral rolls and for other preliminaries in connection with a general election for the re-constitution of a municipality.

**Clause 3(ii).**—The change in proviso (3) to section 16 is intended to remove a practical difficulty by making it clear that a commissioner may be appointed if he possesses the qualifications mentioned in section 23(2) even if his name does not appear on the electoral roll.

**Clause 4.**—The alterations in sub-sections (1) and (2) of section 18 are to make it clear that when the Local Government decides to increase the number of appointed commissioners to secure proper representation of industry and of labour, the appointments to the extra seats only should be made from persons directly concerned in or connected with such industry or industries and the labour employed therein.

The other change is designed to bring together the second part of clause (i) and clause (ii) as being more suitable.

**Clause 5.**—The amendments in section 23 are intended (i) to extend the franchise to persons paying cart-registration fees and (ii) to provide that in the case of the Municipality of Howrah payment of any sum as consolidated rate under the Calcutta Municipal Act, 1923, as extended to that municipality, will qualify a person to be a voter within that municipality.

**Clause 6.**—The change in section 25 (3) is designed to prevent the forfeiture of deposit made by a successful candidate who has failed to poll over ten per cent. of votes.

**Clause 7.**—The necessity of the proposed new section 25A is obvious. Through inadvertance an ineligible person may be elected a commissioner.

**Clause 8.**—The amendment in section 28 is to prevent attempts to procure an improper entry in the electoral roll.

**Clauses 9 and 10.**—The amendment in sections 30 and 36 are with a view to make the intention clearer.

**Clauses 11, 12 and 13.**—The amendments in sections 37 to 39 are intended to remove certain obscurities pointed out by the District Judge of the 24-Parganas.

**Clause 14.**—New section 39A is to make it clear that the Judge is authorized to confirm an election in certain cases.

New section 39B reproduces existing sub-section (4) of section 37 with a consequential amendment required by the enactment of proposed new section 39A.

**Clause 15.**—The amendment in section 57 will remove a practical difficulty.

**Clause 16.**—This amendment is intended to make sub-section (3) consistent with sub-section (1) of section 82.

**Clause 17.**—The omission will enable municipal fund to be applied to the training of medical practitioners in general.

**Clauses 18 to 22.**—These amendments reproduce existing sections 112, 113 and 114 with certain rearrangements to make the intention clearer.

In section 112 "three months" have been altered to "two months" so that nine months' actual may be available at the time of framing the budget.

**Clause 23.**—The addition proposed to clause (a) of section 122 which is based on clause (ii) of section 69B of the Bengal Municipal Act, 1884, will remove a want now felt.

**Clause 25.**—This amendment is to prevent a hardship now felt by certain mills who have contributed largely towards the cost of sewerage schemes.

The amendment in proposed clause (iv) of the proviso to section 126 (3) is designed to prevent double concession being allowed in any case.

**Clause 27.**—The amendment in section 136 is to avoid the necessity of appointing an assessor for intermediate assessments which may be made every year. It is only necessary to appoint an assessor for preparing new valuation lists once in every five years under section 137 (2).

**Clause 29.**—New section 144A is to provide that provisions of section 144 will apply to cases of succession by inheritance.

**Clause 30.**—The amendment in section 145(2) is to remove the difficulty of finding an impartial assessor who is at the same time familiar with local conditions.

**Clause 31.**—Section 148(3) has been omitted as applications for review might be submitted during intermediate assessments when there will be no assessors.

**Clause 33.**—New section 198A is to include a provision authorizing the commissioners to frame rules for management of ferries.

**Clause 34.**—This amendment is to correct a clerical error.

**Clause 35.**—The amendment in section 250 is to make the intention clearer.

**Clause 36.**—The amendment in section 370(1) (xii) is to restrict the application of this provision to factories under the Indian Factories Act, 1911.

**Clause 37.**—New Chapter XVIIA contains provisions regarding control of fairs or *melas* on the lines of sections 100A, 100B and 100D of the Bengal Local Self-Government Act of 1885.

**Clause 38.**—This amendment is to remove a defect by taking power to frame rules for the maintenance and management of schools.

**Clause 39.**—This amendment will enable Government to extend the Calcutta Survey Act, 1887, to a municipality.

**Clause 41.**—New section 464A and the amendment in section 465 are designed to exercise more effective control over mad and stray dogs. The provisions of existing section 465 have been found to be unworkable in practice.

**Clause 42.**—The proposed amendment in section 500 provides suitable penalties for breaches of provisions of sections 144A, 182, 182B, 414A, 414B and 464A.

**Clause 43.**—The amendment in section 507 is to remove a practical difficulty experienced by several municipal authorities in translating rules, orders, etc., into Bengali.

**Clause 44.**—New section 529A provides an appeal to the District Magistrate from the decisions of the committee appointed under section 21 (1). Complaints regarding unfair preparation of electoral roll have been bitter and common.

**Clause 45.**—This amendment is designed to make the intention clearer.

**STATEMENT OF OBJECTS AND REASONS.**

Before the enactment of the Bengal Motor Vehicles Tax Act, 1932, a tax had to be paid to the Corporation on all carriages (which included motor vehicles ordinarily used for the conveyance of human beings) specified in Schedule VIII to the Calcutta Municipal Act, 1923 ; and under section 20(1)(a) of the Act every owner or person in charge of any carriage liable to the tax under Chapter XI, who had paid directly to the Corporation a sum not less than twelve rupees as such tax during and in respect of the year (or any portion of the year) last preceding the year in which the election is held, was qualified as an elector of a general constituency. This franchise has been taken away by the Bengal Motor Vehicles Tax Act, 1932, under which motor vehicles are no longer liable to the tax under the Calcutta Municipal Act, 1923. It is proposed to amend section 20 of the Calcutta Municipal Act, 1923, so as to restore this franchise, with effect from the general election to be held in the year 1936.

**Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.**

### GOVERNMENT OF INDIA.

#### Legislative Assembly Department.

The following Bill\* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. BILL No. 34 OF 1935.

*A Bill to provide for the removal of Social Disabilities among certain classes of Hindus.*

WHEREAS it is increasingly felt by the Hindu community that the disabilities, which are imposed by social custom and usage on certain classes of Hindus commonly known as Harijans, Untouchables, Backward communities and Depressed Classes, and which have been in certain matters even legally recognised in the adjudication of rights and duties in civil and criminal proceedings, are repugnant to modern conditions and ideas of justice and social solidarity and should no longer be recognised by law or otherwise enforced, but should be severely discouraged;

It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Removal of Civic Disabilities Act, 1935.

(2) It shall apply to the whole of British India.

\*The Governor General has been pleased to accord the sanction required by section 67(2) of the Government of India Act.

Social disabilities  
not to be  
recognised by  
law.

2. Notwithstanding any law, custom, usage or prescription, to the contrary, no subject of His Majesty resident in British India shall, by reason merely of his belonging to any particular community or class among the Hindus known as Harijans, Untouchables, Depressed Class or Backward class or the like, be prevented or disabled from being appointed to any public office or enjoying or having access to any stream, river, public well, tank, pathway, convenience, or transport or any other service which the general public belonging to all other classes of Hindus have a right to enjoy or have access to or which is dedicated or maintained or licensed for the use of the general public, or which is maintained or paid for out of the funds of the State or local statutory authority.

And no Civil, Criminal or Revenue Court or public or local authority shall in adjudicating any matter or executing any order or carrying on the affairs entrusted to such authority recognise any usage or prescription under which it is sought to impose any civic disability or penalty on any person by reason of his belonging to any of the communities aforesaid, or by reason of any acts or omissions on the part of such person which would not furnish grounds for such penalty or disability if he did not belong to such community.

#### STATEMENT OF OBJECTS AND REASONS.

The custom of segregation of certain Hindu classes as outcaste and untouchable and the social and other disabilities they suffer under in consequence of such custom, have been the subject matter of universal condemnation. There has been continuous agitation on the part of the leaders of these Depressed Classes as they have been commonly called, as well as on the part of the reformers among the main body of Hindus to put an end to this custom of untouchability and to the disabilities arising therefrom. Recent events have brought this agitation to a head and there is at present a great wave of feeling throughout India for the removal of the disabilities of these Depressed Classes which in the interest of humanity and general welfare advantage should be taken of by the State. It is therefore desirable that a general law should be passed prohibiting the recognition of any rights, or disabilities arising out of the usage regarding untouchability, either in civil or criminal Courts.

(b) within five years of the passing of this Act or within one year of his marriage (whichever period expires last) executes a written document declaring himself to be Arya Samajist or in terms equivalent thereto; or

(c) is a member of the family of, or a relative dependent on, or a person under the guardianship of, any person mentioned in clause (a) or clause (b).

*Explanation.*—Where a document mentioned in clause (b) is registered under the Indian Registration Act, 1908, it shall be conclusive evidence of the fact of his being an Arya Samajist and no evidence shall be admissible to prove the contrary. XVI of 1908.

Marriage between Arya Samajists not to be invalid.

3. No marriage between Arya Samajists shall be invalid or shall be deemed ever to have been invalid by reason of the parties having belonged to different castes or sub-castes of Hindus or to different religions, any law or usage or custom to the contrary notwithstanding.

Succession.

4. For purposes of succession all inter-marriages referred to in section 3 of this Act shall be deemed to be marriages between persons of the same caste of (Dwijas) the twice born Hindus.

\*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

## STATEMENT OF OBJECTS AND REASONS.

As the Arya Samajists who form quite an appreciable number of the Indian population conscientiously believe that the present caste system is not in accordance with their scriptures, the Vedas and the sacred Shastras and as according to the law as administered at present marriages between parties belonging by birth to different castes or sub-castes are considered invalid and there is a fear of the issue of such marriages being declared illegitimate and as quite a large number of such marriages have taken place and more would have taken place had there been no such obstacle, it is necessary to have a law which would give relief to the Arya Samajists. Hence the above law is proposed.

The following Bill\* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. BILL No. 37 OF 1935.

*A Bill to validate marriages between different castes of Hindus.*

WHEREAS it is expedient to validate marriages between Hindus of different castes for the purposes hereinafter appearing; It is hereby enacted as follows:—

Short title.

**1.** This Act may be called the Hindu Marriage Validity Act, 19 .

Validity of marriages among Hindus.

**2.** No marriage among Hindus shall be invalid by reason that the parties thereto do not belong to the same caste, any custom or any interpretation of Hindu Law to the contrary notwithstanding.

\*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

---

STATEMENT OF OBJECTS AND REASONS.

Under the Hindu Law as interpreted, marriages between Hindus of different castes are held illegal. This interpretation, besides being open to question, has caused serious hardship in individual cases and is calculated to retard the progress of the community. The Bill, therefore, seeks to provide that such marriages shall not be invalid.

## Legislative Assembly Department.

The following Bill\* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. BILL No. 38 of 1935.

*A Bill to amend the Child Marriage Restraint Act, 1929.*

WHEREAS it is expedient to amend the Child Marriage Restraint Act, 1929; It is hereby enacted as follows:— XIX of 1929.

Short title.

1. This Act may be called the Child Marriage Restraint (Amendment) Act, 1935.

Amendment of section 2, Act XIX of 1929.

2. In clause (c) of section 2 of the Child Marriage Restraint Act, 1929 (hereinafter referred to as the said Act), between the words "is" and "thereby" the words "or is about to be" shall be inserted. XIX of 1929.

Substitution of new section for section 9 of Act XIX of 1929.

3. For section 9 of the said Act, the following shall be substituted, namely:—

"9. (1) The Court may, if it is satisfied on information laid before it through a complaint or otherwise, that an offence under this Act has been or is about to be committed, upon its own motion issue process against any person suspected of having committed or of being about to commit such offence.

(2) No Court shall take cognizance of any offence under this Act after the expiry of one year from the date on which the offence is alleged to have been committed."

Section 11, Act XIX of 1929.

4. In section 11 of the said Act,—

(i) for sub-section (1) the following shall be substituted, namely:—

"(1) When the Court takes cognizance of any offence under this Act upon a complaint made to it, it may, at any time after examining the complainant and before issuing process for compelling the attendance of the accused, require the complainant to execute a bond, with or without sureties, for a sum not exceeding one hundred rupees, as security for the payment of any compensation which the complainant may be directed to pay under section 250 of the Code of Criminal Procedure, 1898, and if such security is not furnished within such reasonable time as the Court may fix, the complaint shall be dismissed"; and V of 1898.

(ii) sub-section (2) shall be omitted.

Insertion of new sections 12, 13 and 14 in Act XIX of 1929.

5. The following sections shall be added as sections 12, 13, and 14 of the said Act, namely:—

"12. (1) Notwithstanding anything to the contrary contained in this Act, the Court may, if satisfied from information laid before it through a complaint or otherwise, that a child marriage in contravention of this Act has been arranged or is about to be solemnised, issue an injunction against any of the persons mentioned in sections, 3, 4, 5 and 6 of this Act prohibiting such marriage.

\*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

(2) Whoever knowing that an injunction has been issued against him under sub-section (1) of this section disobeys such injunction shall be punished with imprisonment of either description for a term which may extend to three months or with a fine which may extend to one thousand rupees or with both.

13. Upon conviction under this Act and in addition to the penalties provided therein, the Court may require the husband of a female child (or, if he be a minor, the person having charge of him in any capacity whatsoever) to furnish a bond, with or without sureties, for the separate living, custody and maintenance of the wife and for preventing the consummation of the marriage until she ceases to be a child or until such later date as the Court may appoint.

14. A bond taken under section 11 or section 13 of this Act shall be deemed to be a bond taken under the Code of Criminal Procedure, 1898, V of 1898, and the provisions of Chapter XLII of that Code shall apply accordingly."

#### STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Act to which it refers (commonly known as the Sarda Act) by three provisions aimed at facilitating the more effective enforcement of the Act:—

*First by putting it beyond question that the Courts empowered to take proceedings under the Act may at their discretion issue an injunction prohibiting a marriage arranged in contravention of the Act.*

Already Civil Courts in Bombay Presidency are known in several cases to have issued injunction orders against marriages known to have been arranged in contravention of the Act. It is not known whether similar action has been taken in any other Province. But since doubts have been thrown upon the legality or practicability of this method, it seems desirable to remove such doubts by providing for it directly through the proposed amendment. The draft Bill proposes to impose a higher maximum penalty for the breach of such an injunction than the penalty provided in the Act in the case of prosecutions after the marriage has already taken place, on the ground that breach of a Court injunction involves contempt of Court.

*Secondly, by permitting the Court to take proceedings under the Act upon its own motion, without requiring the execution of a bond or taking security.*

It is known that one of the principal impediments to the enforcement of the Sarda Act at present lies in the obligation placed upon the complainant to incur the publicity of a formal complaint and, if required by the Court to execute a bond, to incur also the risk of losing the sum mentioned in the bond. The proposed amendment would enable the Court to proceed upon information obtained privately after taking such steps as it might think necessary to satisfy itself of the correctness of the information.

*Thirdly, by enabling the Court to require the husband of a child wife (or if he is a minor, his guardian) to make provision for the separate custody and maintenance of the child wife and to refrain from consummating the marriage until she reaches the legal age for marriage, or until a later date if it thinks necessary.*

A provision of this kind was recommended by the Age of Consent Committee (commonly called the Joshi Committee), page 198, paragraph 23. In default of such a provision, those who have the welfare of an illegally married child wife at heart are often deterred from prosecuting the offenders by the knowledge that the prosecution, even if successful, will not rescue the child from the dangers of premature marital intercourse and may actually cause her to be maltreated by the husband or his family in revenge for the prosecution.

## GOVERNMENT OF INDIA.

## Legislative Assembly Department.

The following Bill\* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. BILL NO. 39 OF 1935.

*A Bill to make provision for the application of the Moslem Personal Law (Shariat) to Moslems in British India.*

WHEREAS it is expedient to make provision for the application of the Moslem Personal Law (*Shariat*) to Moslems in British India; It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Moslem Personal Law (*Shariat*) Application Act, 1935.

(2) It shall extend to the whole of British India including British Baluchistan.

Application of Personal Law to Moslems.

2. Notwithstanding any custom, usage or law to the contrary, in all questions regarding succession, special property of females, betrothal, marriage, divorce, maintenance, dower, adoption, guardianship, minority, bastardy, family relations, wills, legacies, gifts, partitions, any religious usage or institution including *Wakf* (trust and trust property), the rule of decision in cases where the parties are Moslems shall be the Moslem Personal Law (*Shariat*).

\*The Governor General has been pleased to accord the sanction required by section 67 (2) (b) of the Government of India Act.

## STATEMENT OF OBJECTS AND REASONS.

For several years past it has been the cherished desire of the Muslims of British India that Customary Law should in no case take the place of Muslim Personal Law. The matter has been repeatedly agitated in the press as well as on the platform. The Jamiat-ul-Ulema-i-Hind, the greatest Moslem religious body has supported the demand and invited the attention of all concerned to the urgent necessity of introducing a measure to this effect. Customary Law is a misnomer inasmuch as it has not any sound basis to stand upon and is very much liable to frequent changes and cannot be expected to attain at any time in the future that certainty and definiteness which must be the characteristic of all laws. The status of Muslim women under the so-called Customary Law is simply disgraceful. All the Muslim Women Organisations have therefore condemned the Customary Law as it adversely affects their rights. They demand that the Muslim Personal Law (*Shariat*) should be made applicable to them. The introduction of Muslim Personal Law will automatically raise them to the position to which they are naturally entitled. In addition to this the present measure, if enacted, would have very salutary effect on society because it would ensure certainty and definiteness in the mutual rights and obligations of the public. Muslim Personal Law (*Shariat*) exists in the form of a veritable code and is too well known to admit of any doubt or to entail any great labour in the shape of research, which is the chief feature of Customary Law.

The following Bill\* was introduced in the Legislative Assembly on the 2nd September, 1935:—

L. A. BILL No. 29 OF 1935.

*A Bill further to amend the Indian Motor Vehicles Act, 1914, for certain purposes.*

WHEREAS it is expedient further to amend the Indian Motor Vehicles Act, 1914, for the purposes hereinafter appearing; It is hereby enacted as follows:— VIII of 1914.

Short title.

1. This Act may be called the Indian Motor Vehicles (Amendment) Act, 1935.

Amendment of section 11, Act VIII of 1914.

2. In sub-section (2) of section 11 of the Indian Motor Vehicles Act, 1914 (hereinafter referred to as the said Act),— VIII of 1914.

(a) after clause (dd) the following clause shall be inserted, namely:—

“(ddd) regulating the manner in which, and the duration for which, licences may be endorsed under sub-section (2) of section 18;”;

(b) after clause (h) the following clause shall be inserted, namely:—

“(hh) prescribing the procedure to be observed by Courts in permitting offences to be compounded under section 16A;”.

Insertion of new section 16A in Act VIII of 1914.  
Composition of offences.

3. After section 16 of the said Act the following section shall be inserted, namely:—

“16A. (1) Offences punishable under this Act (other than offences under sections 3, 5, 6 and 7 and such offences against rules made under this Act as the Local Government may, by notification in the local official Gazette, have declared to be non-compoundable) shall, with the permission of the Court, be compoundable, either before or after the appearance of the accused, on payment by the accused of such sum, not exceeding the maximum amount of fine with which the offences are made punishable by this Act, as the Court may determine.

(2) The composition of an offence under this section shall have the effect of a conviction of the accused with whom the offence has been compounded.”

\*The Governor General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

## STATEMENT OF OBJECTS AND REASONS.

In 1932, the Government of the United Provinces appointed a Committee to consider the taxation of road traffic. That Committee recommended *inter alia* that purely technical offences under the Indian Motor Vehicles Act, 1914 (VIII of 1914), or the rules made thereunder should be compoundable at the option of the alleged offender. The Bill seeks to give effect to this recommendation. It is thought that offences under sections 3, 5, 6 and 7 of the Act should not be made compoundable, and as regards offences against the rules made by Local Governments under section 11 of the Act, it is proposed to leave it to them to notify what such offences are to be made non-compoundable. Other offences should be made compoundable, with the permission of the Court, either before or after the appearance of the accused in the Court, for a sum not exceeding the maximum amount of fine for the offence concerned. Such composition should count as a conviction, and the driver's licence will be liable to be endorsed under sub-section (2) of section 18. The machinery for composition of offences is left to be governed by rules to be made under the Act.

Some difficulty has been experienced as to the periods for which endorsements on drivers' licences should subsist. It is proposed to leave the matter to be regulated by rules made by Local Governments under section 11 of the Act.

## PART IV

**Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.**

**BENGAL LEGISLATIVE COUNCIL  
DEPARTMENT.**

### NOTIFICATION.

No. 4524L.C.—9th December, 1935.—The following report of the Select Committee on the Bengal Court of Wards (Amendment) Bill, 1935, with the Bill embodying amendments recommended by them annexed, is hereby published for general information.

### Report of the Select Committee on the Bengal Court of Wards (Amendment) Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Court of Wards (Amendment) Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 26th November, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted by the Select Committee has been printed in *italics* and enclosed in square brackets and all new matter recommended to be inserted has been underlined.

2. The Bill was published in English in an Extraordinary issue of the *Calcutta Gazette* of the 22nd August, 1935.

3. We do not consider that the Bill has been so altered by our recommendations as to require republication.

4. The Committee met for the first time on the 28th November, 1935, and concluded its sittings on the 30th idem.

5. The changes made in the Bill are as follows :—

**Clauses 2 and 18.**—The alterations made in proposed section 9A, in clause 2, and in clause 18 are consequential upon the insertion of proposed *clause 3* in section 23.

**Clause 3(1) (a).**—We have re-drafted the proposed proviso to section 10A, inserted by clause 3(1) (a) of the Bill so that notice of pending suits or proceedings in respect of claims shall be given within six months and notice of decision of civil courts in respect of such claims shall be given within three months after the final disposal of such suit or proceedings. We consider this change desirable as it will all the more help the Court of Wards to frame schemes with greater precision.

**Clause 3(b) (ii).**—The changes made in this clause are consequential upon the changes made in clause 3(1) (a).

**Clause 5.**—The alteration made in proposed section 10C is intended to make the intention clearer, viz., that the benefit under this section will be enjoyed only so long as the property is in charge of the Court of Wards. We have also substituted the words “four years” and “seven years” for the words “five years” and “ten years” respectively, as we consider the former periods to be more reasonable.

Proposed section 10CC supplies an omission by bringing the law relating to the limitation of suits against a ward into line with the proposed new law relating to limitation in regard to the execution of a decree or order. This will save persons from unnecessarily instituting suits against wards as they will not be able to execute the decrees so obtained during the period mentioned in proposed section 10C.

**Clause 8.**—The necessity for the proviso inserted by us in proposed section 11 is due to the fact that the incidence of proprietorship in a Mitakshra family is entirely different from that of other proprietors.

**Clause 11.**—We think it desirable that the educational expenses of the wards themselves should be included in class I of section 48. The changes made in clause 11 are with a view to give effect to this.

**Clause 12.**—We also consider it desirable that payment of rent and cess should have priority over “other Government dues” referred to in item (5) of proposed clause 2 of section 23 in the Bill as introduced. We have, therefore, transposed item No. (6) which deals with the former as item No. (5) in the said proposed clause.

**Proposed clause 3 of section 23.**—In view of the restrictions imposed on creditors by section 10C, as proposed to be amended by the Bill, we think it only fair that the Court of Wards, instead of releasing an insolvent estate to a proprietor, should be given discretionary powers to vest such estates with trustees, who will, in the administration of estates so vested, be under the control of civil courts. The trustees will receive their directions as to the disposal of the estates from such civil court of the district as may be prescribed by rules.

**Clause 14.**—In class II of proposed section 48 we have provided that debts secured by mortgage on immovable property shall have priority over debts which have been reduced under sub-section (2) of section 10D. We consider this reasonable.

In class III the words omitted in the last portion are consequential upon the changes made in clause 11.

The change proposed in class IV in item No. (2) is purely verbal.

**Clause 16.**—Under section 3(17) of the Bengal General Clauses Act, 1899 (Ben. Act I of 1899), “a thing is deemed to be done in good faith where it is done honestly, whether it is done negligently or not.” We do not think it desirable that this definition of good faith should apply in the case of the Court of Wards Act, 1879.

For instance, we do not consider it right or proper that wilful negligence on the part of officers of the Court of Wards in the discharge of their duties under the Court of Wards Act, 1879, should be tolerated as the clause in the Bill as introduced seems to do.

The changes made in the clause are with a view to give effect to this opinion.

We recommend that the Bill, as reported on by us, be passed.

NOTE.—The signatures of Mr. N. K. Basu and Mr. Ananda Mohan Poddar had not been received up to the time of publishing the Report.

**Minute of dissent by Khan Bahadur Muhammad Abdul Momin, M.L.C.**

I do not agree to the principle of giving protection to estates of proprietors which are taken over by the Court of Wards under clause (e) of section 6, viz., those proprietors who have by extravagance and incapacity mismanaged their estates and made them over to the Court of Wards. I do not mind estates taken over under section 6 (a) to (d) being protected in the manner provided in clause 5 of the Bill.

I strongly object to clause 3 of the Bill which has been introduced by the Select Committee and was not in the Bill as originally drafted. By this clause it is provided that the Court of Wards when it finds itself unable to save the estate it may instead of releasing the estate to the proprietor hand it over to the trustees selected from among the creditors. This is a most extraordinary provision and if allowed to be made into law will cause the ruin of many *zemindari* estates—particularly as the provision will apply not only to estates which will be taken over by the Board in future, but also to those which are now under its management.

**Minute of dissent by Babu Jatindra Nath Basu, M.L.C.**

The following is my note of dissent to the Bengal Court of Wards (Amendment) Bill, 1935 :—

"Clause 12 provides for the creation of a trust. There should be a provision enabling persons interested to apply to the Civil Court, for amongst other things—

- (a) having the trustees removed and for having new trustees appointed,
- (b) having a scheme framed, if necessary from time to time, for the administration of the trust,
- (c) for having the trust terminated on grounds that may be considered sufficient by the Civil Court."

**Joint minute of dissent by Maulvi Abdus Samad, M.L.C., and Mr. R. Maiti, M.L.C.**

We sign the Report of the Select Committee on the Bengal Court of Wards (Amendment) Bill, 1935, subject to the following minute of dissent :—

We entirely agree with the general principles underlying the original Bill, but we oppose the insertion of the proposed new *clause 3 (I)* in section 23 of the Act. We reserve the right of moving amendments for its deletion in the open Council.

**Minute of dissent by Maulvi Abul Quasem, M.L.C.**

**Clause 5.**—I cannot agree that section 10C should be permanently replaced by the proposed sections 10C and 10CC. The present difficulties are admittedly due to the prevailing economic depression. With the passing of the depression there should be no reason for the continuance of these provisions. I am particularly opposed to the extension of the benefits of these sections to those proprietors who have been or may be declared disqualified under clause (e) of section 6. That clause should, in my opinion, be repealed.

**Clause 12.**—I cannot agree to the addition of the proposed clause 3 to section 23. It was not in the Bill, as introduced in the Council. It embodies a new provision and a new principle and should have been before the public and the Council before having been adopted by the Select Committee. In my opinion the procedure recommended will prove in practice to be difficult, dilatory, cumbrous and costly.

**Minute of dissent by Raja Bahadur Bhupendra Narayan Sinha, of Nashipur, M.L.C.**

I sign the Report subject to the following note of dissent:—

On principle I strongly object to the insertion of new clause 12(ii) because the underlying object is entirely new and has been adopted in the Select Committee for the first time. It was not recognized in the Bill so presented and the Council had no occasion to express any opinion on it, nor was public opinion elicited on this point by circulation. In my humble opinion the views of the public and of important associations should be called for before it may be adopted by the Council. The Council should know definitely the views of the public on this important question enunciating a new principle vitally affecting the party. If this clause be passed, it will prove ruinous to the estates. Without proper safeguards, the step of placing the management in the hands of the creditors will be like throwing the debtor's estate to the tender mercies of the creditors who will naturally care more for their dues than for the preservation of the estate.

Generally speaking, the Court of Wards takes up estates in which there is possibility of redeeming them after administering for some time. Fifteen years are the average number of years in which an encumbered estate may hope to clear off debts and such estates are generally taken up by Court. But there may be estates in which more than that period, say twenty or thirty years or more, are required to restore the normal position of solvency. What would be the fate of such an estate? Are they to be declared as hopeless or will they be placed under the administration of creditors as proposed in this section? Generally, estates are to be administered for two or three years before any scheme can be made of the probable number of years in which the debts can be cleared, and it is for this that the extension of the moratorium is proposed in this Bill. If after administering the estate for two or three years, the Court finds that the estate is not redeemable in the course of reasonable time of fifteen years, but it will take more than fifteen years, they will then give up the administration and place it under the trusteeship of the creditors. In such cases, though the condition of the estate is not absolutely hopeless, but only requires some more time, the Court by their action deprive the debtor of the chances of redeeming it.

In the clause as drafted the expression "reasonable period" has not been defined. There is no bar to the relinquishment of an estate by the Court after two or three years' administration and the discretion of considering what "reasonable period" is, lies wholly in the Court of Wards and its proper exercise cannot also be questioned. Under the circumstances, some check on its exercise should be provided in the Act.

Vesting of the estate in a body of creditors is like vesting of a property in the Official Assignee. Very few estates are restored to the proprietors after administration by the Official Assignee as the establishment and other charges, such as, remuneration, etc., are so high that the estate is run through in meeting them. Thus there should be hard-and-fast rule with regard to the remuneration of trustees.

In any case, the creditors who will undertake the administration of the estate as trustees should be debarred from realizing their own dues in the first instance. The duty of trusteeship being statutorily cast on them, any non-administration or mal-administration should amount to breach of trust for which they should be liable. A clear provision to this effect should be embodied in the Bill.

In the existing Act the payment of all charges necessary for the maintenance, education and religious observances of the ward and his family has been made the first charge in Class I, and only the "payment of such religious, charitable and other allowances.....and allowances and donation befitting the position of the ward's family" has been relegated to the fifth position, in Class II. There are indeed very cogent reasons for treating the maintenance, education and religious allowances of the ward as the first charge on the property. There are certain religious observances of an obligatory nature, either enjoined by the Will of the founder of the family or hallowed by tradition handed down through generations; the disturbance of such sort of religious observances will seriously wound the susceptibilities of the ward and of his family and also the public at large. So this provision of religious allowance should be placed in the same category with the allowance of wards.

**Minute of dissent by Mr. D. J. Cohen, M.L.C.**

Regarding the Howrah Bridge (Amendment) Bill, 1935, provision should be made in the Bill for exemption of land and buildings belonging to the Corporation of Calcutta, the South Suburban Municipality, and the Municipalities of Howrah, Tollygunge and Garden Reach, from the tax imposed by the Howrah Bridge Act, 1926. The provision in section 12 of the Howrah Bridge Act, 1926, does not give the Local Government power to exempt municipal properties from the taxation for the bridge, as the exercise of Government's powers is subject to the provisions of section 8.

It is necessary that there should be such exemption, as otherwise, the municipalities and the public concerned, will be seriously affected as regards the borrowing capacity of the municipalities and in other respects.

**Minute of dissent by Babu Jatindra Nath Basu, M.L.C.**

Regarding the Howrah Bridge (Amendment) Bill, 1935, provision should be made in the Bill for exemption of land and buildings belonging to the Corporation of Calcutta, the South Suburban Municipality, and the Municipalities of Howrah, Tollygunge and Garden Reach, from the tax imposed by the Howrah Bridge Act, 1926. It is necessary that there should be such exemption, as otherwise, the municipalities and the public concerned, will be seriously affected as regards the borrowing capacity of the municipalities and in other respects.

There should also be a provision enabling the Corporation to tax not only such property of the Bridge Commissioners as will yield income, but also such property as may belong to it and be used for offices or for quarters for staff. The Corporation will have to supply water and arrange for drainage and other amenities to such quarters.

Subject to the above, I sign the Report of the Select Committee.

**Minute of dissent by Maulvi Muhammad Saadatullah, M.L.C.**

I think that distinct provisions should be made in the proposed Bill to exempt the properties of the Howrah, Tollygunge, Garden Reach and South Suburban Municipalities and those of the Corporation of Calcutta which are exclusively used for public purposes and fetching no revenue from the levy of tax for the Howrah Bridge.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premium paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. **Appointments.**—The Hon'ble Mr. R. N. Reid, C.S.I., C.I.E., I.C.S., Member-in-charge of Political and Appointment Departments of the Executive Council of the Government of Bengal, was appointed as President of the Honorary Committee of Management of the Gardens, *vice* Sir P. L. Buckland, K.T., resigned on leaving India for good.

The Committee have to record with great regret the retirement of Sir Philip Buckland who has been President of the Honorary Committee of Management from 29th March 1921 to 12th July 1934. Like his father the Hon'ble Mr. C. E. Buckland, C.I.E., and his grandfather before him, the late C. T. Buckland, I.C.S., both of whom were closely concerned with the Zoological Gardens since its start in 1873. Sir Philip Buckland has, in spite of his manifold duties in other branches of public service, taken a very keen interest in the development and maintenance of the Gardens, which during his term as President, have been expanded and improved very considerably.

The Committee of Management take this opportunity to express their very sincere gratitude for the invaluable service he has rendered to the welfare of the Gardens.

Messrs. J. K. Clough and A. F. M. Abdul Ali were appointed as members of the Committee on 2nd August 1934 and Mr. Sudhansu Kumar Mitter was appointed as a member from 2nd March 1935, *vice* Mr. Dharendra Nath Ghose, to represent the Calcutta Corporation for the year 1934-35.

**Staff.**—Several changes took place in the Garden's staff during the year under review. Rai Sahib Somadev Ganguli who had held the post of Superintendent since 1930, retired on pension on the 15th February 1935 and Mr. N. N. Banerjee, the First Assistant Superintendent, was appointed in his place on a year's probation. Khan Sahib S. M. Yaqub, the Second Assistant Superintendent, was promoted to the post of the First Assistant Superintendent and Mr. N. Mukerjee, the Overseer, to the post of Second Assistant Superintendent.

The Committee would also like to place on record their regret at the retirement of Rai Sahib S. Ganguli, who served faithfully and was in various capacities since 9th May 1905.

The following is a list of the superior staff of the Garden at the end of 1934-35:—

Superintendent—Mr. Nagendra Nath Banerjee, G.B.V.C., F.Z.S., F.R.H.S.

First Assistant Superintendent—Khan Sahib S. M. Yaqub.

Second Assistant Superintendent—Mr. N. Mukerjee, G.B.V.C., F.Z.S., F.L.S., F.R.H.S.

Store-keeper—Babu Jugal Kishore Roy.

Clerk—Babu Tarak Chandra Chatterjee.

Gate-clerk—Babu Bepin Behari Chatterjee.

The menial staff of the Garden at the end of 1934-35 comprised, in addition to temporary men who were engaged as required—

1 Jamader.	1 Cook.
8 Durwans.	1 Head Gardener.
20 Keepers.	2 Cartmen.
14 Gardeners.	1 Nightwatchman.
3 Sweepers.	2 Chaprasis.
1 Carpenter.	1 Syce.
2 Bhistis.	1 Scytheman.

On the whole, the health of the animals, specially of the older inhabitants of the Gardens, continued good. Cases of illness and death are unavoidable in a collection of animals in a tropical climate, but fortunately there were no serious losses. There was no outbreak of epidemics of any kind during the period under review. There were many births amongst the ruminants and also the birth of two lion cubs might be regarded as a fair indication of the satisfactory state of the health of the larger carnivora generally. The death-rate among the birds has sensibly diminished and birth-rate increased. In fact, throughout the year the standard has been fully maintained both as regards the numbers in the collection and the condition of the animals.

The following new works were undertaken during the year:—

*Murshidabad House.*—A rather severe storm on the evening of 15th June 1934, caused considerable damage to the northern portion of the outer enclosure of the Murshidabad House as well as to a portion of the Boat House where the big Gharial is now exhibited. This necessitated the reconstruction of the damaged portions of both the houses. In the later part of the year the wire-netting all round the Murshidabad House was renewed and in addition to this several partitions with dwarf walls were provided to facilitate the exhibition of new exhibits.

*Sarnomoyi House.*—As there was no suitable accommodation for exhibiting new small birds, such as finches, etc., the large aviaries of this house were partitioned and new birds and small finches are now exhibited in the separate aviaries provided therein.

*New Island Enclosure.*—The dwarf wall round the trench being too low at its maximum water level it was raised by 2 feet to prevent animals escaping out of the enclosure.

*Peafowl Pavilion.*—This pavilion was thoroughly overhauled; the wire-netting being replaced by interlinked wire-netting, several other improvements were also effected and the wall round the enclosure was raised by 2 feet. The floor was made rat-proof.

*Giraffe Enclosure.*—The fencing of the Giraffe Enclosure was not sufficiently high and was replaced with a new high fencing.

*Superintendent's quarters.*—In the later part of the year an estimate was sanctioned for repairing the Superintendent's quarters and the necessary repairs have been carried out.

*Barasingha and Barking Deer Enclosures.*—A new partition wall and fencing have been constructed.

General annual repairs to the buildings in the Gardens were carried out as usual and alterations to iron work and wood work and the painting of most of the houses were effected.

The flower gardens were well maintained as usual, the gardens being awarded prizes at the Agri-Horticultural Society's Flower Show (Dahlia Exhibition) held on 14th January 1935.

The roads and paths were kept in good order and the main drive was remetalled in parts.

The financial conditions of the Garden are satisfactory inasmuch as the expenditure is balanced by income. The receipts from visitors entering the Gardens showed an increase over the previous year being Rs. 65,055 against Rs. 59,812-4. This, however, is largely due to the Ardhya Yoga festival which fell in February this year after an

interval of 27 years. The turnstiles registered a record attendance of 67,271 visitors during the four days of the festival. To relieve the congestion of the people wanting admission at the 5 ordinary turnstiles of the entrance gates, an emergency gate with 6 extra turnstiles was kept open during the four principal days of the festival. Special and efficient sanitary arrangements were made for the comfort and convenience of the visitors.

The following is a comparative statement of visitors and receipts for the last four years:—

				Visitors.	Receipts.	
					Rs.	a.
1931-32	..	..	..	928,501	62,141	6
1932-33	..	..	..	930,004	62,231	6
1933-34	..	..	..	911,621	59,812	4
1934-35	..	..	..	1,011,616	65,055	0

A large number of children under four years of age and school children attended by their teachers, were admitted free. In addition 56,721 persons visited the Garden on free days. A detailed statement of the number of visitors and receipts appears in Appendix B.

The Annual Fancy Fair was held as usual on the 31st December 1934 and 1st January 1935. The turnstiles recorded 20,182 one-anna visitors as against 21,480 visitors on both days in the previous year.

The thanks of the Committee are due to those ladies and gentlemen who have added to the Zoological collection, a list of whom is given in Appendix C. Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted either because the particular species was already sufficiently well represented or owing to want of accommodation.

The Committee also desire to express their thanks to the following railway and steamer companies for kindly conveying the animals belonging to the Garden free of charge:—

East Indian Railway, British India Steam Navigation Company, Limited, Peninsular and Oriental Steam Navigation Company, and River Steam Navigation Company, Limited, through Messrs. Macneill & Co.

As in previous years the Corporation sanctioned a grant in the shape of remission of municipal rates in respect of the Zoological Gardens and out-houses for which the Committee express their thanks but it is a matter of great regret and indeed it caused the Management of the Gardens no small inconvenience and anxieties that owing to financial stringency the Corporation found themselves compelled to reduce the grant from the figure of Rs. 26,233-6 to Rs. 21,904-14 which it had been in the habit of giving over a long series of years.

Thanks are also due to the Officer Commanding and Officers of the 2nd Battalion, 7th Rajput Regiment, stationed at Alipore, for permitting their regimental band to play at the Garden on Tuesday afternoons, free of charge, from 1st March to 31st December 1934.

Owing to the decrease of one rupee visitors on Sunday afternoons the Committee reduced the entrance fee to one anna from 10th March 1935. This has necessitated for financial reasons giving up the Band which played on Tuesday and Sunday afternoons.

The Committee are much indebted to those members of the public who send old and broken down horses to the Zoological Gardens, where they are disposed of under the most humane conditions.

Section 15 .. ..	Failure to grow hedges of <i>dhaincha</i> or other plants for protecting against the ingress of water hyacinth.

**STATEMENT OF OBJECTS AND REASONS.**

The Report of the Water Hyacinth Committee in December, 1922, contained a recommendation that some form of legislation should be adopted which would ensure concerted action against water hyacinth in Bengal; but with this was coupled another recommendation, that scientific investigation should be undertaken in the first instance, which was in effect an admission that the time had not yet come when legislation could be effective. There had been legislation in other countries and in other provinces; but where the problem of water hyacinth was really serious, legislation had proved ineffective. In Bengal that problem was one of exceptional complexity and difficulty; and the estimated cost of dealing with water hyacinth by any known method was found to be prohibitive. The Local Government did not feel justified in asking for general powers to compel individuals to eradicate water hyacinth until they could point to a method by which water hyacinth could be eradicated without disproportionate expenditure; and therefore no action was taken on the recommendation of the Water Hyacinth Committee or on the further recommendation of the Conference held at Dacca in July, 1927, that legislation should be undertaken.

The position has now changed. In 1929 and 1930 it was proved in Orissa, by the work of Mr. Peck, District Magistrate of Cuttack, that under certain conditions water hyacinth could be practically eliminated by concerted popular efforts under the directions of a District Officer. In 1934 and during the present year it has been proved by the work done in the Brahmanbaria subdivision of Tippera, in three subdivisions of Faridpur, in parts of Rajshahi and, later, in other subdivisions of Tippera, that similar methods are effective in the vastly more difficult conditions which prevail in the river districts of Bengal. It has been established that the people in affected districts will respond to a call for concerted action and that such concerted action, directed and supported by the efforts of the district staff of Government, can in one season so diminish the water hyacinth in a district as to allow it to be controlled with comparative ease by similar action in subsequent years. The great difficulty now is the apathy, or the active opposition, of a minority who are not prepared to further a mass movement against water hyacinth by clearing their lands voluntarily; and it is to give powers to coerce this minority in districts where there is a voluntary campaign against water hyacinth that the present Bill is being put forward.

## NOTES ON CLAUSES.

**Clause 2 (6).**—This definition of the expression “occupier” is based on section 2 of Madras Act III of 1919 with the modification that the words “not having such right” have been inserted before the words “in actual occupation of the land, premises or water” with a view to simplifying the operation of clause 12.

**Clause 3.**—It is not likely that any person now would deliberately bring water hyacinth into Bengal, but it should obviously be forbidden.

**Clause 4.**—It has recently been found that water hyacinth was kept for sale in some places in Calcutta and hence the necessity for stopping it.

**Clause 5.**—The prohibition of growing or cultivation of water hyacinth is not of any great importance. It is more a propaganda clause than anything else.

**Clause 6.**—The transport of water hyacinth except for the purpose of destroying it should be an offence wherever it happens. It is possible that some plant may drop down in course of such transport and hence there should be some prohibition against this.

**Clause 7** is based on section 3 of Madras Act III of 1919. It provides for a notification which would inaugurate a campaign in any particular area against water hyacinth.

**Clause 8.**—It is desirable that the removal of water hyacinth for the purpose of destruction should be under the direction of an authorised officer.

**Clause 9.**—It may be difficult to discover water hyacinth when it is hidden by branches and water weeds and hence this provision has been made for detection of water hyacinth.

**Clause 11** provides for the recovery of costs as a public demand. It has also been provided that the owners are liable for such costs in certain circumstances.

**Clause 12** is based on section 90B of the Bengal Act III of 1885. It is intended that where ownership or occupation is disputed or where there are many co-sharers so as to render the recovery of costs impossible such costs shall be recovered out of the profits.

**Clause 14.**—It was found that young water hyacinth plants floated on to the fields through gaps in *ails* when water rose in tanks, etc., at the beginning of the rains. It is desirable that this should be stopped.

**Clause 15.**—*Mhaincha* hedges have been found to be very successful in saving deep water paddy and jute in low areas from being damaged by water hyacinth and so provision had been made for this.

**Clause 16** provides for the use of waste or arable land for the purpose of destroying water hyacinth. Such land being the bank of the water from which water hyacinth is removed may not be in the possession of the occupier. It also provides for compensation and other incidental matters.

**Clause 22 (3)** gives power to the Local Government to provide for a penalty for breach of a rule.

**Resolution on the Reports of the Sanitary Board and of the Chief Engineer, Public Health Department, for the year 1934.**

**GOVERNMENT OF BENGAL.**

**Local Self-Government Department.**

**Public Health.**

CALCUTTA, THE 9TH DECEMBER 1935.

**RESOLUTION No. 3061 P.H.**

**Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.**

Read the Reports of the Sanitary Board and of the Chief Engineer, Public Health Department, for the year 1934.

The inability of Government to make any grants towards the capital cost of waterworks and drainage schemes again had its effect upon the number of such schemes undertaken during the year; the decision of the municipalities mentioned in paragraph 20 of the Chief Engineer's report to carry out their schemes without any financial assistance or with only loans is all the more commendable.

The growing recognition of the importance of well-planned water-supply and drainage schemes for the health of the towns is further indicated by the number and extent of the schemes which the department was asked to draw up during the year. Sketch projects for schemes estimated to cost Rs. 36,50,720 were prepared, detailed projects for Rs. 4,00,400 and detailed estimates and plans for miscellaneous works amounting to Rs. 1,95,625.

The capital expenditure on waterworks in 1934 was Rs. 2,72,893 against Rs. 2,81,585 in 1933 and on sewerage works Rs. 2,26,339 against Rs. 3,32,136. This brings the total amount of capital expenditure till the end of the year up to Rs. 1,65,07,397 on waterworks and Rs. 87,21,876 on sewerage works.

The report gives some indication of the valuable assistance which the department is able to give to the municipalities in the matter of inspection, advice and supervision: the accident to the sewerage system at Dacca is an instance of the kind of emergency which it is called upon to meet.

The small sanitation scheme for the Narsinghdi police-station, Dacca, shows what can be done to improve sanitary conditions in rural areas at small cost.

With the increase in the population and the necessity of extending the water connection to all parts of the town, the provision of adequate supplies has become a pressing problem of considerable difficulty to many municipalities. A partial solution at least is to be found in many cases in the attachment of house connection meters in accordance with the provisions of the Bengal Municipal Act, 1932; this will ensure that the consumer pays according to the amount of his consumption, and thereby waste will be discouraged and additional income will be obtained. An alternative method of effecting a more economical use of the available supply is the "decentralised storage" system, which has been found successful in the areas in which it has been adopted.

The Sanitary Board held five meetings at which it examined the various projects before their submission to Government and generally reviewed the reports on the works and results of inspection, suggesting appropriate action. Their critical advice on such matters as the menace to Calcutta from the Anopheles Ludlowii and the plasmochin experiment in Burdwan was of particular value.

The Government of Bengal desire to convey their thanks to the members of the Board for the time and care devoted to its work and for the valuable advice which they have always given.

They also desire to express their appreciation of the services rendered by the officers of the department and of the ability with which Mr. F. C. Griffin carried out his duties as Chief Engineer.

By order of the Govt. of Bengal

(Ministry of Public Health),

S. K. HALDAR,

Secy. to the Govt. of Bengal (offg.).

## SUPPLEMENT.

### Official Papers.

#### DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 6th December 1935.

#### Final Forecast of the *Bhadoi* Crops of Bengal, 1935-36.

(*Note*.—On an average of the five years ending 1933-34, the area under autumn rice in Bengal has represented some 6.5 per cent. of the total area under rice in British India.)

*Character of the season*.—As reported in the preliminary forecast weather was generally favourable for early period of sowing and growth. Since then drought and flood affected more or less the outturn in some West and North Bengal districts. In East Bengal low land crops progressed favourably while high land crops suffered to some extent from shortage of rain. On the whole the season was fairly satisfactory for the crops.

*Acreage*.—The total acreage sown with the different *bhadoi* crops this year is reported to be 6,567,100 acres as against 6,311,600 acres last year. Of this, the area under autumn rice is estimated at 5,851,300 acres as against 5,571,800 acres last year.

*Outturn*.—According to District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 76 per cent. of the normal this year as against 73 per cent. last year. The autumn rice is estimated to yield an outturn of 75 per cent. of the normal for the province this year as against 72 per cent. last year.

On the basis of a normal yield of 12½ maunds of clean grain per acre, the gross outturn of *bhadoi* paddy (autumn rice) for the province is estimated at 2,015,100 tons this year as against 1,842,100 tons last year.

K. McLEAN,

Director of Agriculture, Bengal.

**DEPARTMENT OF AGRICULTURE,  
BENGAL.**

Dacca, the 13th December 1935.

**Second Forecast of the Winter Rice Crop of  
Bengal, 1935-36.**

(*Note.*—On an average of the five years ending 1933-34, the area under winter rice in Bengal has represented some 17·9 per cent. of the total area under rice in India.)

*Character of the season.*—As indicated in the first forecast, the weather was generally favourable for broadcast paddy and for the transplantation of winter paddy except in high lands especially in West and North Bengal. Subsequent rainfall in September also favoured late transplantation with the result that more land was brought under cultivation. Drought in October materially affected the final growth and flowering of transplanted winter paddy specially in the high land tracts

of West and North Bengal and the outturn consequently is likely to be considerably affected.

*Acreage.*—According to the figures returned by the District Officers, the total area under winter rice is 14,836,500 acres as compared with 14,759,600 and 14,760,000 acres in the corresponding and final forecasts of last year.

*Outturn.*—From the summary of the district return appended, it will be seen that 1 district reports a normal crop, 15 districts a crop varying from 67 to 95 per cent. and the rest below 67 per cent. of the normal. According to the above estimates, the provincial outturn works out to 73 per cent. of the normal as against 81 and 85 per cent. in the corresponding and final forecasts of last year.

Accepting 73 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 13½ maunds of clean grain per acre, is estimated at 5,371,100 tons this year as against 5,928,800 and 6,221,800 tons, respectively, in the corresponding and final forecasts of last year.

**Third Forecast of the Cotton Crops of Bengal,  
1935-36.**

(Note.—On an average of the five years ending 1933-34, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The “early” crop is chiefly grown in the Chittagong Hill-Tracts and in the Tripura State and to a small extent in other districts. The “late” crop is grown in Bankura and Midnapore.

*Character of the season.*—Since the issue of the second forecast in September last, the weather continued generally fair for the early crop and a higher yield is expected.

The outlook of the late variety in Midnapore is not promising. In Bankura, the crop was not sown this year on account of severe drought.

*Area sown.*—The total area sown with early cotton is returned at 72,793 acres and that with late at 500 acres as against 72,903 and 1,032 acres, respectively, in the corresponding forecast of last year.

*Outturn.*—The outturn of the early crop is estimated at 23,501 bales and the late crop at 46 bales as against 23,370 and 291 bales, respectively, in the corresponding forecast of last year.
